

New GM Raise Is Pattern For Auto Industry

Detroit, May 26 (AP)—Terms of General Motors Corporation's history-making wage agreement with its CIO Auto Workers were studied today by negotiators seeking today to end the 15-day Chrysler strike.

Representatives of Chrysler Corp. and the United Auto Workers return to the bargaining table today (1 p. m. EST.) for the first time since 75,000 production workers walked out May 12.

Michigan's Gov. Kim Sigler asked the resumption of wage talks and arranged the session, but he sent no representative.

The UAW's Chrysler negotiating team—officially demanding a 30-cent hourly wage boost—has given no indication whether it would accept an 11-cent increase geared to the cost of living such as the one that ended a strike threat at General Motors.

Nor has the corporation commented on possibilities of raising its best previous offer of six cents an hour to a figure matching the General Motors commitment in a two-year contract approved yesterday.

Throughout the auto industry it was believed the GM-UAW settlement would provide a pattern for future wage negotiations.

It was expected to bring the Chrysler strike to a quick conclusion and have a definite effect on coming wage talks between the union and the Ford Motor Co., which has suggested a pay cut.

Average hourly wages in the industry's big three—General Motors, Chrysler and Ford—are about \$1.50. The GM boost raises the figure in its plants to \$1.61 per hour, at least until September. Then wages will be reviewed and possibly revised with reference to the cost of living, the new contract provides.

Civil Rights Drive Proves Hot Potato

Truman Program Bugged Down In Congress

BY JACK ADAMS

Washington, May 26 (AP)—The ambitious civil rights program outlined by the Truman administration last winter appears to be definitely bogged down—at least until after the November elections.

Politically, it is a pretty hot potato.

Deep rumblings of dissent echoed through the south when the President's committee on civil rights issued its report last October calling for immediate and decisive action to wipe out segregation and discrimination from American life.

But with much high priority legislation still on tap, show-downs have been delayed lest the certain southern filibusters hopelessly snarl the session in its final weeks.

Republicans were quick to seize on this. They announced they would press for action on such long-pending proposals as anti-lynch, anti-poll tax and anti-job discrimination laws.

But with much high priority legislation still on tap, show-downs have been delayed lest the certain southern filibusters hopelessly snarl the session in its final weeks.

MIRROR MANAGER DIES

New York, May 26 (AP)—Robert H. Johnson, 57, general manager of the New York Daily Mirror, died last night after a heart attack suffered as he dined with his wife and two friends at a restaurant.

GOP TRUMAN — Her name is Margaret Truman of Independence, Mo., but it isn't THE Margaret. "I'm a Republican and can't sing a note," said this Margaret, a 23-year-old nurse. She recently married Army Capt. Warren Annear, of Negaunee, Mich.

Jews Brace For Arab Blitz As Truce Plea Is Rejected

Texas Fails To Line Up For Truman

Brownwood, Tex., May 26 (AP)—Tough talking Texas Democrats have given President Truman's leadership the cold shoulder, but they refused to join the southern anti-civil rights rebellion.

At the Philadelphia convention the Texas delegation will be free to decide on the spot whose nomination it favors. I will vote as a unit. The Texans followed an independent course mapped by their own leader, Gov. Beauford H. Jester, in state convention yesterday.

It calls for a fight against Truman's civil rights proposals and his nomination, but not for a bolt if he becomes the party nominee. While Democrats were fighting through a 12-hour and five minute convention, Senator Robert A. Taft picked up 30 Republican national convention votes in the party's state convention at Corpus Christi.

Gov. Thomas E. Dewey got two and Harold E. Stassen one. Taft forces controlled the convention from the start.

After a day-long struggle between pro-Truman and anti-Truman factions, the Texas convention took these significant steps:

1. Pledged itself in a body, its delegates and 23 presidential electors to support all party nominees without any ifs.

2. Voted to send its delegation of 50 to the national convention in support of the civil rights proposals, especially the FEPC.

3. Gave its delegation no instructions as to presidential and vice presidential candidates. This left it free to fight Truman's nomination. It instructed the delegates to battle for restoration of the two-thirds rule.

4. Buried in committee a proposal for a state referendum July 24 for or against the civil rights proposals, especially the FEPC.

5. Elected Wright Morrow of Houston, unfriendly to Truman, as national committeeman to replace Myron Blalock of Marshall, who will retire because of illness.

6. In so doing, rejected Mayor Tom Miller of Austin for the post. He was backed by the Truman faction in general and the Travis county delegation in particular.

Warren Is Winner In Florida Primary Race for Governor

Jacksonville, Fla., May 26 (AP)—Unofficial returns from almost all of Florida's 1,531 precincts named 43-year-old Fuller Warren the apparent winner in yesterday's Democratic runoff primary for governor.

Warren, a Jacksonville attorney, spurred from behind to overcome an early lead established by Dan McCarthy, 36-year-old citrus grower of Fort Pierce.

On the basis of reports from 1,421 precincts, Warren had 269,645 votes against 260,680 for McCarthy.

Heavily Democratic Florida, Democratic nomination is tantamount to election. In the nine-month race for governor in the May 4 primary, Warren polled 183,263 votes and McCarthy 161,778.

Chinese Government Abandons Yinghsien, Battered by Siege

Peiping, May 26 (AP)—Complete abandonment of the war-ravaged city of Yinghsien was announced by the government today—only 24 hours after a 39-day Chinese Communist siege was lifted.

Peiping headquarters said Yinghsien had lost all strategic value in withstanding the repeated Red assaults. The entire civilian population and the remnants of Yinghsien's garrison were moved to Tatung, 40 miles to the north and just south of the great wall.

The defenders and relief forces have shifted to advantageous positions for aggressive action," said the announcement.

Sand Lake Farmer Saw Jesse James In Coffin, He Says

Sand Lake, May 26 (AP)—Harry E. Smith, 77-year-old Sand Lake farmer, doubts reports from Oklahoma that the famed outlaw, Jesse James, is still alive.

"Why I saw Jesse James lying right there in his coffin," says Smith.

Government Cool Toward Proposal To Buy Railroads

BY MAX HALL

Associated Press Labor Reporter

Washington, May 26 (AP)—A union demand that the government "begin preparations" to buy the railroads seemed to have little prospect today of being taken seriously in official Washington.

A group of 20 railroad unions made the proposal last night. Their own leaders did not entirely agree on how far they want to go with nationalization of the industry.

Presidential press secretary Charles Ross was asked at a news conference whether "nationalization of the railroads is under consideration." He said: "No."

Sixty Congressmen Talk Against Draft

House Rules Committee Continues Hearings

Washington, May 26 (AP)—Some 60 House members want to speak out against a peacetime draft even before the bill is cleared for House debate.

But rules committee chairman Leo E. Allen (R-Ill.) who reported this today, said his group will call only about 10 to testify against the measure sponsored by Rep. Andrews (R-N.Y.). He said hearings probably will continue through this week.

The bill, approved early this month by the House Armed Services committee, would require men from 18 through 30 to register with local draft boards. Those from 19 through 25 would be liable for two years' service.

Any man who had served a year or more in the U. S. armed forces since Sept. 16, 1940, would be exempt. Men who had served more than 90 days, but less than a year, would be exempt if they joined a reserve unit.

Exemptions also would be granted those who had served a year or more in the armed forces of an allied country before Sept. 2, 1945 and who are now living in this country.

Harold E. Stassen, one of three major contenders who have been matching claims for top delegate billing, added the latest forecast.

Before he took off today on a seven-state swing to scrape the support barrel again, Stassen said it has become apparent that nobody is going to be nominated very early in the Philadelphia balloting.

Bowled over by Gov. Thomas E. Dewey in the Oregon primary last week, Stassen bounced back to claim at a news conference yesterday that he still has more first and second choice support for the nomination than either Dewey or Senator Robert A. Taft.

Needless to say, Taft and Dewey backers dispute that vigorously. But even in their camps there is private acknowledgement that if someone doesn't give way—and that fairly early in the balloting—a darkhorse, rather than any of the three, is likely to get the nomination.

Stanley Balaban, 11, was killed by the dogs last July 1 in a lot near a Bronx swimming pool. A two-count indictment charged Sandgren with owning vicious dogs and with allowing them to roam.

A defense motion for continuance of his \$2,500 bail was turned down, and Sandgren was sent to the Bronx county jail to await sentencing.

An earlier trial resulted in a jury deadlock last Dec. 16.

Czech President Benes Near Death

London, May 26 (AP)—An official Czechoslovak diplomatic source said today President Eduard Benes is "gravely ill" and is not expected to recover.

The informant said Czechoslovakia's president had two strokes recently.

Benes has been ill for a number of months. A spokesman for the Czechoslovak embassy would make no formal comment on his condition beyond saying that the state of the president's health is "very serious."

Russia to Exchange Envoys With Israel

Moscow, May 26 (AP)—The Soviet press published without comment today an announcement that Russia has agreed to exchange diplomatic representatives with Israel.

Also published was an announcement that Russia and the Indonesian Republic have agreed, after conversations in Prague, to exchange consuls. There was no editorial comment.

Soldiers Massacre 500 Reds In China

Heads Chopped Off In Wholesale Slaughter

BY TOM MASTERSON

Chingchuan, Shensi Province, China, May 26 (AP)—A gruesome story of the massacre of 500 Chinese Communist prisoners by Nationalist troops was told today by Gen. Ma Wen-Ting.

Half the prisoners, he said, were beheaded with great broadswords carried by his fierce Moslem and Buddhist troops. The others were killed with hand grenades.

Without emotion, the grim visaged Ma described the mass killing. It was carried out last week at Ninghsien, a Kansu Province village near here.

"We chopped off one head after another with our big broadswords," Ma said. "We finished the others off with hand grenades."

The prisoners were part of 1,500 taken at Ninghsien where they fed after national troops routed them near Sian.

The general, deputy chief of staff of the National 82nd division, said an uprising among the prisoners caused the massacre.

Soviets Seek Deal On Publications In Two German Zones

Berlin, May 26 (AP)—The Russians notified American authorities today they are ready to come to a suitable settlement for free exchange of publications between the Soviet and U. S. zones of Germany.

Col. Gordon E. Textor, head of the American Information Control Division, last week banned the importation of Soviet-licensed publications into the American zone in retaliation for wholesale confiscation and other discriminations against American-licensed publications in the Soviet zone.

In a conciliatory letter today, Lt. Gen. M. I. Bratvin, the Russian deputy military governor, asked his opposite number in the U. S. zone, Maj. Gen. George Hays, to rescind the prohibition.

"I can tell you," the letter said, "we hope to come to a suitable settlement by which every possibility of infringement of procedure for exchange of papers will be excluded."

Cliffs Dow Blast Kills Negaunee Man, Two Others Injured

Marquette, Mich., May 26 (AP)—Authorities today sought the cause of an explosion and fire which took the life of one workman and injured three others here yesterday.

The blast wrecked a charcoal retort in the new experimental building of the Cliffs Dow Chemical company. The concern is a subsidiary of Dow Chemical Company of Midland.

Joseph V. Robert, sr., of Negaunee, was killed in the blast. Edward Lamore and Fred St. John of Marquette were taken to St. Luke's hospital in various condition from multiple injuries.

City Commissioner Allan F. Olson of Marquette suffered facial injuries but was not in serious condition.

BEATEN TO DEATH

Jackson, (AP)—Thomas Jackson, 75-year-old junk yard employee who died Monday in Foote hospital, may have been the victim of a beating, Dr. J. H. Ahronheim said Tuesday after a post mortem examination. Jackson was found unconscious in the junk yard basement a few hours before his death. Thirty dollars his employer had paid him a short time earlier could not be found in his possession.

First Air Bombs Hit Holy City

(By The Associated Press)

The United Nations' fifth effort to stop the fighting in Palestine collapsed today.

Arabs said they could accept a cease fire order only if the Jewish army Hagannah receives no more arms, or if recognition of Israel is abandoned and if Jewish immigration is limited.

A spokesman for the new Jewish state promptly said the conditions could not be accepted.

A big power spokesman at Lake Success said a demand may be made for a worldwide diplomatic break with Arab countries. France was reported anxious for strong action, as were the United States and Russia. Britain, linked to many Arab nations by treaty, was absent from that camp.

New Attacks Expected

Haganah, the army of Israel, said unidentified planes gave Jerusalem its first air bombing in history yesterday afternoon. There was no confirmation from Jerusalem or in Arab capitals.

Associated Press Correspondent Carter L. Davidson said the Jews inside Jerusalem expect an Arab blitz designed to give the Arabs a victory to bolster prestige at home and abroad.

British officials privately expressed concern and astonishment at reports the U. S. may lend Israel \$100,000,000.

The Cairo newspaper Al Assas asserted that the Egyptian army took 1,500 Jewish prisoners in capturing Deir Suneid, 23 miles southwest of Tel Aviv, during an Egyptian march up the coast.

An Israeli spokesman at the U. N. said Jewish forces held nearly all of modern Jerusalem. He said Arab communists have given a distorted idea of the fighting there. The spokesman said "The British-led Arab legion's attack is directed against the old city, * * * where the Arab population outnumbered the Jews by more than 15 to one."

Marquette Prison Tear Gas Reports Checked by Sanford

Lansing, May 26 (AP)—Joseph W. Sanford, state corrections commissioner, said today he would travel to Marquette Tuesday to personally investigate reports of the "improper use" of tear gas at the Branch prison there.

He refused, however, to indicate if he planned to fire Gerald F. Bush, Branch prison warden, who, Sanford said, was reported to have permitted guards to use tear gas to quell individual prisoners' making disturbances in their cells.

That Sanford was displeased with Bush's administration of the prison was indicated earlier when he said he "would not stand in the way" if Bush offered to resign.

Sanford is also displeased with the wardens of Michigan's other two prisons, Ralph E. Benson at Southern Michigan prison, Jackson, and Joel R. Moore at Ionia State Reformatory.

Queen Mother Mary Still Robust at 81

London, May 26 (AP)—Queen Mother Mary reached 81 today in good health.

She received the congratulations of her house staff shortly after breakfast and then proceeded to read hundreds of messages wishing her well.

She plans a balcony appearance at Buckingham Palace late in the day and, although she has made no arrangements for it, no one would be surprised to see her pop into a theater for a show tonight, since there is no more ardent fan in London.

TWO CONFESS L&R ROBBERY

Admit Theft Of Guns On April 25 Here

John S. Provo, 19, of 1315 North 22nd street, and Clifton Joseph Collette, 22, of 1805 1/2 Ludington street, have confessed to breaking and entering the L. & R. Sport Shop, 620 Ludington street, and stealing a 22 caliber Hi-Standard pistol and a 22 caliber Harrington and Richardson revolver on April 25, it has been announced by local police.

One of the guns, the 22 pistol, has been recovered. Provo told police that he threw the revolver into a body of water near Ironwood recently.

Provo and Collette were arraigned in justice court this morning on a charge of breaking and entering in the night time. They waived examination and were bound over to circuit court on bond of \$1,000 each, which neither furnished. They were committed to the county jail.

Suspicion in the case was directed to Provo when it was learned that he was seeking to dispose of the pistol. Following Provo's arrest, he confessed to the crime and implicated Collette. Entrance to the store was made by breaking through a rear entrance.

Prominent Detroit Attorney, Butzel Is Taken by Death

Detroit, Michigan (P)—Fred M. Butzel, attorney and prominent Jewish leader and philanthropist, died in Harper hospital Thursday night. He was 69.

He had been ill two weeks. Butzel, a bachelor, was the brother of Michigan supreme court justice Henry M. Butzel. The jurist was at his bedside when he died, and another brother, Lawrence, was on his way here from New York.

A native Detroit and an 1897 graduate of the University of Michigan, Butzel throughout his lifetime had devoted a large share of his time and energy to philanthropic projects.

Recently he was appointed Michigan chairman of a nationwide campaign to raise \$250,000 for the rehabilitation of Jewish refugees in the United States and Palestine.

Ann Arbor Student Board Prices Jump

Ann Arbor, Mich. (P)—Students living at University of Michigan residence halls are going to pay five-and-a-half per cent more for room and board, effective July 1.

The increases were announced by vice president Robert F. Briggs, who said they were due to rising costs.

Current minimum rates of \$439 a semester will be upped to \$475 while the present maximum of \$585.50 will be hiked to \$630.

Briggs said students in dormitories at Willow Run village will be moved to Ann Arbor by next February. At that time, he said, "the university should approach more normal housing."

Effects of Pending Draft Law Studied By National Guard

Lansing, (P)—Top commanders of the Michigan National Guard will meet here in an emergency conference to consider the probable effects of the pending selective service act upon National Guard expansion.

Brig. General Ralph A. Loveland commanding general, has called all his staff officers and the state's regimental and battalion commanders and their recruiting officers to the conference.

Under the selective service bill now pending in Congress, Gen. Loveland said, expansion of the National Guard will be seriously curtailed since draft eligibles will not be able to enlist in the Guard after the effective date of the act. Guardsmen enlisting prior to the passage of the draft will be exempt.

Atomic Commission Puts Higher Prices On Colorado Ores

Washington, (P)—In a move to boost the nation's stockpile of uranium—the raw material from which atomic bombs are made—the Atomic Energy committee has offered higher prices for certain types of Colorado ores.

The AEC announced that starting June 1, it will pay 6-cents-a-ton-mile haulage allowance up to 100 miles from the purchasing depot. It also will pay a 50-cent-a-pound premium for uranium oxide contained in ores assaying .2 per cent or more.

The commission said the action was to stimulate reopening of closed mines in the Colorado plateau area. It noted that this should aid the region through

DOG POISONER LOOSE
"It takes a lot of people to make a world", and right now I can think of no one more heartless than the person who poisoned our springer spaniel puppy. It happened before gardens were planted and before the time rat poison was put out so there was no excuse for it.

We first noticed Tony's trouble when his eyes became very red and inflamed and he seemed listless and refused his food.

"Looks like he's been poisoned," the vet said after we had the puppy examined. The vet did his best to save our pet, but Tony died with his whole insides eaten up by arsenic. This much we know, that it happened in our neighborhood because our dog never strayed far from home and also because there are other dogs who died near us from the same trouble. Whoever this person is I hope when he reads this he will give thought to the fact that he not only murdered our dog but he also broke a little boy's heart when we told him about his affectionate, playful pal.

I'm sorry there isn't some way of seeking such people out and giving them the punishment they certainly deserve for doing such a cruel, inhuman act. It's a shame that such as these go towards making up our world.

Mrs. Kingsley Johnson, Escanaba, Mich.

Schwartz Held for Looting Postoffice

Lloyd Francis Schwartz, 30, formerly of Cedar River and Wells, who is charged with the robbery of the U. S. postoffice at Ironwood on March 2, gave himself up at Williston, N. D., on May 22, according to information received today by Sheriff William E. Miron.

According to Schwartz criminal record, he had nine times been arrested since he was 13 years old, when he was put on probation for two years for auto theft. Schwartz was born at Cedar River and has twice been sentenced to state branch prison at Marquette. The Ironwood post office robbery is a federal offense and Schwartz will be arraigned in U. S. district court, probably at Grand Rapids.

Guardsmen Will Fly To Custer To Pick Up 6 More Vehicles

Eight members of Company C 107th Engineer battalion, Delta county National Guard, will be flown to Fort Custer at Battle Creek, Mich., next Tuesday to procure six new vehicles for the local organization.

They will be accompanied by crews from National Guard companies at Calumet, Marquette and Sault Ste. Marie, who will drive vehicles to their respective companies Friday, June 4. Each unit will receive six.

Staff Sergeant LeRoy Erickson is in command of the Company C detail. He will be accompanied by Sgt. Clair D. Cook, Tec 5 Lyle E. Godfrey, Tec 5 Gordon J. Hermes, Tec 5 Peter H. Michaud, Pfc. Melvin I. Sebeck, Private Ernest L. Johnson and Private Denham H. Lord, jr.

The Delta county unit will pick up a four-ton dump truck, three two and one-half ton dump trucks, one six-ton truck and a three-quarter ton weapons carrier or command car.

This allotment will increase the Delta county unit's "fleet" of vehicles to 16. It already has one air compressor, a D-4 bulldozer, four two and one-half ton cargo

trucks, one jeep, one jeep cargo trailer, one pole trailer and one one and one-half ton truck.

The Guardsmen will be picked up at the Escanaba airport Tuesday morning and flown to Fort Custer in two National Guard C-47 airplanes.

Fairbanks Gives To Cancer Fund

The Fairbanks township board has approved a contribution of \$15 to the Delta county cancer fund, it was reported today by Carl Wickman, treasurer of the Delta county Cancer Society. The contribution has been received and brings the total so far raised in the county to \$3,255.67. The quota for the county is \$3,507.

Leonard to Speak At Law Officers' Meeting June 10

Commissioner Donald S. Leonard of the Michigan State Police will address the Upper Peninsula Law Enforcement association and their ladies at a meeting to be held in Escanaba at St. Joseph church at noon June 10, it has been announced.

This will be Commissioner Leonard's first appearance before the association since the early days of the war when he served as director of civilian defense. He was scheduled to speak at the association meeting in Gaastua recently but was unable to attend.

TECH WILL HOLD COMMENCEMENT

Eight Graduates From Escanaba Area

The largest graduating class in the history of the Michigan College of Mining and Technology will receive degrees at the college commencement exercises on the afternoon of June 7 in James R. Deo Stadium in Houghton. Baccalaureate services will be held at the Grace Methodist church in Houghton on the evening of June 6.

A total of 301 degrees will be granted, 233 of them bachelor of science, fifteen master of science, and three honorary doctor of engineering degrees. In the graduating class, sixteen states and five foreign countries are represented. Two graduating students are from Canada, and one each from France, Mexico, China, and Syria. Of the 292 degree recipients, 120 are from the Upper Peninsula of Michigan and 100 from the Lower Peninsula. Six students will receive two degrees simultaneously.

Eight residents of Escanaba and vicinity will graduate from Michigan Tech with the Class of 1948. The Escanaba residents are Marvin L. Coon Jr., 421 S. 11th St.; Norman L. Kincaid, 912 Third avenue south; Ray G. Pillote, 929 Stephenson avenue; and John A. Woolcock, 207 North 14th St. Coon will receive the degree of bachelor of science in engineering physics, Kincaid and Pillote the B. S. degree in electrical engineering, and Woolcock the B. S. in civil engineering. Clinton A. Phalen of Nahma will receive the B. S. in mechanical engineering; Robert F. Groos of Route 1, Gladstone, the B. S. in mechanical engineering; and Thomas and Robert D'Amour of 1103 Michigan ave., Gladstone, will receive the B. S. degrees in electrical and mechanical engineering, respectively.

Marinette to Get Parking Meters

Marinette, Mich. — Metered parking on Marinette's downtown streets probably will be in effect in 30 days. This was the estimate made today by Neil C. Smith, representative of the Michaels Art Bronze company, producer of the manually-operated meter selected by city council in April when the parking meter ordinance was adopted.

More than 300 meters will be installed here which will require deposit of five cents for one hour's parking privilege. The meters are being installed on trial and after a reasonable period can be ordered removed by the city. They require no outlay of money on the city's part and are supposed to pay for their selves.

The same type meter went into operation in Ironwood last week.

FIREARMS STOLEN
Caro (U)—State police trailed two men accused in the theft of firearms from a Romeo hardware store for 75 miles Monday before arresting them here. They identified the pair as William Edel, 21 and Dolor Preneanu, 22, both of Romeo. Nine rifles and a pistol were recovered in a woodshed here, officers reported.

Sanford Investigates Use Of Tear Gas On Marquette Prisoners

Lansing, Mich. (P)—Corrections Commissioner Joseph W. Sanford said Tuesday he was investigating the "improper use" of tear gas on prisoners at Marquette Branch prison.

Sanford said he had reports that Warden Gerald F. Bush has permitted the use of the gas on individual prisoners in their cells. The gas was reportedly used, Sanford said, to quell prisoners making disturbances.

"If these reports are true," Sanford said, "they represent an entirely improper use of tear gas in prison work. Tear gas is intended only to be used as a last resort on

masses of prisoners if they get out of hand."

Sanford characterized the reported Marquette use of the gas as similar to "shooting trout in a barrel."

Sanford, whose appointment was confirmed by the Senate by one vote on its second try last week, said he could not say if Bush would be fired.

"If Bush wanted to resign, I would not stand in his way," the commissioner said, however.

Wardens Under Fire

A first class feud was developing between Sanford on one side and Bush, Warden Ralph E. Benson of Southern Michigan prison at Jackson, Warden Joel R. Moore of Ionia reformatory, and parole board members A. Ross Pascoe and Garrett Heyns.

Sanford blames the five, all high ranking officials of the prison system before Sanford was appointed last December, for lobbying against his Senate confirmation. The confirmation failed by two votes last Thursday when the Senate acted on it first.

After heavy spade work by the executive office, the confirmation passed by one vote the next day.

Reports are that the wardens resent Sanford's orders for changes in their institutions. Moore and Sanford have a long-standing grudge dating from the time they both served in the federal correc-

Princess Rebuked For Sunday Frolic By Scottish Church

London, England (P)—Another Scottish church group rebuked Princess Elizabeth Friday for frolicking on Sunday in Paris. The heiress apparent received support, however, from the Archdeacon of Leves, Lord Beaverbrook's Evening Standard and the London Star.

The general assembly of the Free Church of Scotland started the ruckus Wednesday, saying Elizabeth and Prince Philip set a bad example in going to the races and a night club in Paris on Sunday.

The Scottish Free Presbyterian Synod of Inverness joined in the protest today.

The Free Presbyterians said they were "profoundly grieved" by the royal couple's Sunday activities.

Schaffer

The children of the Schaffer school enjoyed a 12 reel movie at the Powers theater on the last day of school, Thursday, May 20, after which a picnic lunch was served in the Schaffer school dining room.

tions system.

Pascoe is reported to hold a grudge since Sanford refused to reappoint him chairman of the board. Heyns headed the department before Sanford's arrival.

Sanford retired as warden of the federal penitentiary at Atlanta, Ga., to accept the Michigan appointment.

Escanaba Rifflists Win Match; Plan Meeting Thursday

Despite the fact that a trio of their best shots were unable to be on hand a full team of shooters from the Bark River club competed and lost by a 657 to 823 score in a match with the Escanaba Rifle and Pistol club at the local range last night.

There will be a business meeting of the Escanaba club at the range at 7 Thursday evening. Following the meeting there will be a "turkey" or prize shoot for all members.

Team scores in last night's competition were:

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the nagging rectal itch. Get JAYNE'S P-W and follow the directions.

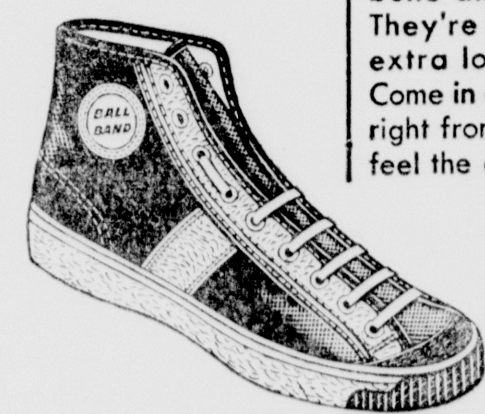

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

COEDS FAVORED AT WEST POINT

Girls Would Be Quite
Helpful, Says Ruark

BY ROBERT C. RUARK
New York—I see where a joint Congressional committee has finally reported favorably on the inclusion of a percentage of our female warriors into the regular armed forces, giving them, thereby all the rights and privileges denied to Reservists. This was over the objection of some unchivalrous souls in the House, one of whom remarked that if this should come to pass, it was but a matter of moment before we had coeds at Annapolis and West Point.

This dire prediction has been coming back to me with relentless regularity. There is a horrid fascination about establishing a disaffection wing to our rock-ribbed citadels of military knowledge. What's wrong with it? A slight infusion of femininity might hurt a bit. Among other things, it might help adjust the budding shavers and ensigns to the demands of what is regarded as normal society.

I was just thinking, as I hear the Air Force howling for its own private university, that it wouldn't be a bad idea to slap some of the symbolism off these officer foundries. Maybe resettle the profession of warfare all over the country. Make it possible for a man to study the art of admiring at searfish normal, and grant him equal recognition with an academy man when he comes out.

The academies, small, tight and still hewn along the lines of Faragut and R. E. Lee—despite some modern innovations—are too small to produce all the military leaders we need. What they do produce is a narrow-minded aristocracy.

The current situation, you keep hearing, is a citizen's crisis, a scientist's crisis, a taxpayer's crisis, a common man's crisis. Crises I can take, but I want a broader representation. If crises are for the many I want a wider education for my leaders. We have updated everything else in war-making, so you might as well update the basic education of our martial men.

We've seen, in the past, considerable fraternal cover-up among the ring wearers, and momentarily the intra-lodge wrangle which Mr. Forrestal has been unable to unsnarl. Along these lines, a great

deal of the closed corporation clannishness is born in the relatively sterile life of the military academies. Nor do I think that the freshly scrubbed ensign or lieutenant is as capable of dealing with the outside world as the average graduate of a state university.

The academies are, literally, prisons, from which the aspiring inmate is occasionally permitted to emerge for a short spree. As in any institution where the inmates are more or less locked in for a period of years, said inmate is exposed chiefly to inmates and keepers, and when he gets out he is a creature of rote. He comes out full of the doctrine that he and his fellows stand apart from everybody else, and that most men's hands are against them. Their only security is a hide-bound interdependence on each other.

I may be wrong, but it's my private thought that the inflexible isolation of the academies has helped make old children out of many a high-ranker, and in this military game of keeps there is little room for children, old or young.

Bark River

Bark River, Mich.—Mr. and Mrs. Carl Huss spent the week-end visiting at the home of their son J. Wellington Huss in Ironwood.

Miss Theresa Noblet left Sunday for Chicago where she will be employed.

Alfred Kristofferson who taught in the Harris high school during the past year, returned to his home in Manistique on Friday. Mr. Kristofferson will resume his studies at the University of Michigan this summer.

Mr. and Mrs. Russell Simmons and Judy and Marilyn Simmons have moved into the apartment recently vacated by the Donald Mayer family in the Gauthier apartments.

Cornell

Honor Roll

Cornell, Mich.—The honor roll at the Cornell school follows:
First and Second grades: Ethel Larson, teacher; Patsy Way, Tommy Nelson, Ruth Anderson, Dale Anderson, Ethel Olson and Connie Blixt.

Third grade: Harry Corbisier, teacher; Elizabeth Way, Helen Kiri, Jean Ford, Edward Fleury.

Sixth grade: Gunnar Beck, teacher; George McFadden, Juanita Carlson.

Eighth grade: William Woodward, Melba Bradway.

ESCAPED CONVICT—Glen Locke, lifer who escaped from Marquette prison about 10 days ago, was reported seen near Palmer Monday evening and to have been armed, it was learned from Michigan State Police. Officers were sent from the Marquette post to the location to check the story.

It was second time in several days that a person answering the description of the escapee was reported in that locality. Earlier he was caught attempting to break into a hunting camp about five miles south of Ishpeming but he broke from the man's grasp and fled.

A general lookout for the convict is asked. He is 48 years of age, 5 feet, 7 1/4 inches tall, weighs 123 pounds, has dark hair, hazel eyes, false teeth, high cheek bones, receding forehead and two moles on the right index finger. The overalls he wore when he escaped are said to be getting shabby and frayed and he is now wearing a pullover sweater.

Newberry Farmer Killed by Tractor

Newberry, Mich.—Lloyd Stuart Varnes, 52 was killed while working with his tractor about three o'clock Monday afternoon. He was cleaning top-soil from the edge of a gravel pit on the old Nick Sprague farm, two and a half miles south of Newberry, when the accident occurred. According to men working with him he got too close to the edge so when he swung his shovel the tractor was carried over the edge of the 12-foot embankment.

Varnes was pinned under the tractor and must have died instantly, according to Russ Hild, coroner, who said the tractor had to be moved with a wrecker to reach the body.

He leaves his wife Margurite, daughter Willa Marie Lackey, son Jack, mother and father Clara and George Varnes of Newberry, a sister Goldie Archambeau of Dollarville and a brother Lyle of Flint.

Varnes was an employee of the Newberry State Hospital and owned a farm at Lakefield.

New York Man, 68, Counts 35 Children As Triplets Arrive

New York, N. Y., (P)—Thirty-five children from four wives!

The father—68 years old—was so flabbergasted Sunday when his 34-year-old wife gave birth to triplets that he hopped onto a neighborhood child's bicycle, and fled from newsmen.

French-born Anthony Dupre, former circus trapeze performer and now a hotel kitchen worker, is the man.

The father claims this record: four sets of twins from the first wife—23 children from the second and third—and one from the fourth wife before yesterday's triple play.

THE DREAM FAIRY INTERRUPTS — For their annual musical presentation, students of the St. Joseph school music department were featured in an entertaining operetta in William Bonifas auditorium.

Preceding the operetta, designed to give individual music students an opportunity to perform, the choral club of the school and several vocalists sang for a large audience.

A unique element of the operetta was its presentation of several very young music students playing in duo and trio-form. Instructor and program manager, Sister M. Cedella, conducted.

Seated at the piano in the above picture is Gerald Gleich, who played the role of the composer and performed "March of the Toys," by Victor Herbert. Left to right, all performers in the music show, are:

Suzanne Dumas, Betty Sullivan, Peggy Phalen and Janet Werner, of Nahma; John Jaeger (in the doorway), Stanley Venne, Thomas Brien (sleeping on sofa), Judy Groos, Janis Nelson, Betty Shomonte, Margaret Hemil, Donna Walker, Barbara Bink, Mary Teresa Courneene, Catherine Bernier of Nahma, Judy Boyce, Catherine Harrison, Ruth Anderson and Barbara McRae.

Oregon Democrats Write In Douglas For Vice President

Portland, Oregon (AP)—Oregon's presidential preference primaries have resulted in Supreme Court Justice William O. Douglas getting the state Democratic party's write-in nomination for vice president.

It means the state's nominally pledged 16 delegates to the Democratic national convention will ballot for a Truman and Douglas ticket. President Truman was unopposed for the presidential

nomination.

The write-in campaign for Douglas, organized just prior to election, resulted in an estimated 18,000 votes for the supreme court justice. Truman polled 113,563 in returns from 1803 of the state's 1861 precincts.

Virtually complete returns in the Republican presidential race swelled the victory margin of Gov. Thomas E. Dewey over Harold E. Stassen of Minnesota. The New Yorker, who established a lead over his rival in early returns last Friday, has polled 113,396; Stassen 104,259. This gave Gov. Dewey about 53 per cent of the vote in their lively campaign.

Mrs. Bonifas Rites At St. Joseph's Friday Morning

Funeral services for Mrs. Catherine Bonifas, widow of William Bonifas, and prominently known Upper Peninsula philanthropist, who died Tuesday, will be held Friday morning at 10 o'clock at St. Joseph's church. Rev. Fr. Alphonsus, O. F. M., will be celebrant of the solemn requiem high mass, coram episcopo, and the Most Rev. Thomas L. Noa, D. D., Bishop of Marquette, will occupy the Bishop's throne in the sanctuary during the service.

The committal service will be held in Holy Cross chapel and the body placed in the Bonifas family mausoleum in Holy Cross cemetery. The service will be the first to be held in the beautiful new chapel, a gift of Mrs. Bonifas, which has just been completed.

The body of Mrs. Bonifas will be in state at the Bonifas home chapel until noon Thursday and will be removed at that time to the Bonifas home, 754 Lake Shore Drive, where it will be in state from 2 p. m. Thursday until the funeral hour. Fourth Degree Knights of Columbus will form a guard of honor at the chapel and at the home.

The rosary will be recited at the Bonifas chapel at 8 o'clock this evening and members of St. Joseph's Altar society will meet at the Bonifas home at 3:30 p. m. Thursday to recite the rosary.

Republicans Win First Major Test On Tariff Measure

Washington, May 26 (AP)—Amid Democratic shouts of "gag rule," Republicans won the first major test for their tariff bill today when the House voted to bar any amendments.

The vote was 212 to 156. Republicans voted solidly to bar amendments; Democrats solidly to permit them.

That means the House must take the bill "as is" or reject it outright. And the vote forecast it will be taken "as is." Democrats had fought for the right to propose changes.

With this test out of the way, the Republican leadership drove for passage of the measure before nightfall. It would extend the reciprocal trade act for one year and put congressional check-reins on the President's tariff-making powers.

Miss Truman Gives Up Her Name, Begins Job of Housewife

Shreveport, La., May 26 (AP)—Margaret Truman—the nurse—and her new husband, Capt. Warren R. Anner of Neganue, Mich., have set up housekeeping in their freshly-furnished duplex here.

The Army captain confirmed briefly that they had been married Monday night.

"Now let's let it go at that, okay?" he asked reporters who had shown special interest in the wedding since the 23-year-old bride had the same maiden name as the President's daughter.

"We have been teased since last weekend," Anner added. "People get married every day. I don't see why this should get much attention, just because she has an unusual name."

"Had an unusual name," corrected his wife.

Painting Behind Nose Puts Nerves To Sleep And Cures Backaches

By ALTON L. BLAKESLEE
Associated Press Science Reporter
New York, (AP)—Some backaches can be cured just by "painting" behind the nose to put certain nerves to sleep, Dr. J. Lewis Amster has discovered.

The painting consists of applying a local anesthetic to a little cluster of nerve cells on the wall of one of the sinuses. It's done through the nose with a long swab. The anesthetic puts these nerves to sleep, and blocks their normal impulses.

The treatment has been effective in relieving some cases of low back pains, of the kind that seem to have no physical reason, Dr. Amster told the New York State Medical Society.

The New York City physician reported some success also against a few cases of migraine headaches, painful shoulder spasms, persistent hiccupping, stiff necks and shingles—a painful nerve disease.

But why the treatment works is a mystery. The spot anesthetized consists of sympathetic nerve cells that have no apparent connection with nerves in the low part of the back. The relief might be due to some kind of reflex action or to psychic reasons, Dr. Amster said.

The treatment has been known for some time. Dr. Amster became interested three years ago when it was used on him. For 35 years he had had a recurrent low back pain with attacks once a year. The nerve treatment abolished the pain in 20 minutes, he said, and it hasn't returned.

Since then he has tried it on 103 patients, he said, "with relief of pain and spasms noted in about 90 per cent of these cases. In the remaining 10 per cent, some underlying organic condition was apparently responsible for the failures."

"It is not a universal panacea, and no assurance of relief should be made if the painful spasm has an underlying organic cause," he stressed.

In some cases, "the relief was really spectacular," Dr. Amster declared.

When the symptoms were far advanced, however, the reaction was "less dramatic," he said.

"In other words," Dr. Amster explained, "the shorter the duration of the condition, the more rapid was the response. The majority of failures occurred in advanced lumbosacral (low back) injuries with complicating pathological conditions."

Three 'Sanity Code' Scholarships Listed
Chicago, May 26 (AP)—Three types of scholarships permissible under the NCAA's "sanity code" for combatting subsidization of athletes were listed today in an interpretive bulletin to 350 schools.

The bulletin was the first to be released by the Constitutional Compliance committee headed by Chairman Clarence P. Houston of Tufts.

The committee reported scholarships may be awarded on 1, the basis of need; 2, high scholarship, and 3, other basis of qualifications of which athletic ability is not considered, presumably for forensic students, talented musicians and other specialists.

The word "need" means tuition and incidental institutional fees. "High scholarship" means "students in the upper 25 per cent of their class."

Williams Lightweight Title
Los Angeles, May 25 (AP)—World lightweight champion Ike Williams retained his title in a hard-fought 15-round fight before a record crowd of 28,000 fans in Wrigley Field tonight.

The crowd, probably partisan for the Mexican challenger, Enrique Bolanos, roundly booed the split decision.

Referee Charley Randolph gave the decision to Bolanos, but the two judges, Frankie Van and Johnny Indrisano, voted for Williams.

There were no knockdowns as the fight, to the surprise of the turnout, went the distance.

Los Angeles Times
Picture Wins First AP Contest Award

Cleveland, (AP)—Paul Calvert, Los Angeles Times photographer, won first prize in the annual contest for excellence in news photography conducted by the Associated Press Managing Editors, Stanley P. Barnett announced Monday.

Calvert's photo, "A Mother's Tragedy," shows a weeping mother walking away from the body of her drowned six-year-old daughter at the beach of a California lake. A lifeguard holds out his hands trying vainly to comfort the mother. Previously the picture had won first prize in the annual contest conducted by the magazine, Editor & Publisher.

"A Mother's Tragedy" received 25 points out of a possible 30 and won over 236 other entries from more than 20 states. Calvert will receive a \$100 cash prize and a photograph of a silver and oak plaque with his name inscribed, symbolizing the AP award for excellence in photography.

The plaque itself, bearing the name of each year's first-place winner, is kept on exhibit in AP general headquarters in New York.

Second place went to "A Switch In Time" by Kenneth Cox of the Escherville (Ia.) Daily News. This photo shows a man climbing to the top of a railroad switch standard while an enraged bull mows the earth below. This entry received 17 points.

Twin Calves Born
Three Days Apart
On Eau Claire Farm

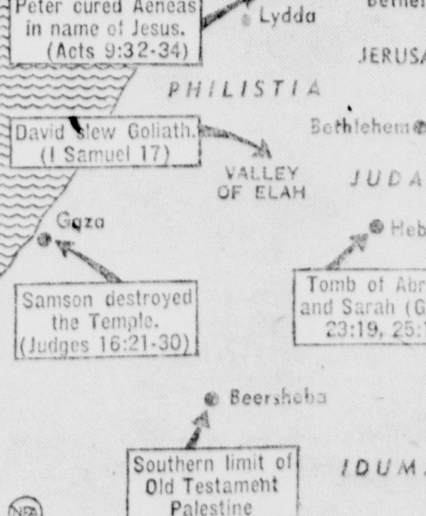

Benton Harbor, (AP)—Twin calves were born three days apart last week to a Guernsey cow on a dairy farm near Eau Claire, Mich., twelve miles southeast of here.

Local veterinarians said today it is extremely rare for more than a few hours at most elapse between the birth of a calf and its twin.

Both calves were of normal size and form, and are still alive and "doing well."

The cow belongs to a herd owned by the J. F. Higbee and Son dairy and grain farm at Black Lake, five miles north of Eau Claire. The first calf was born Monday, May 17, and the second, which was not expected by the herd owners, arrived on the following Thursday.

Men Urged to Join Air Force Before Start of New Quota
Young men of Escanaba and vicinity planning to enlist in the U. S. Air Force are urged by Major Edwin Leer, officer in charge of Army recruiting in Escanaba, to enlist before Tuesday, June 1, when a quota system will go into effect.

After the Tuesday deadline, weekly quotas on Air Force enlistments will be set up for each recruiting station in the United States. Quotas established for Escanaba in June and July are: first week, four enlistees; second week, three; third week, four, and fourth week, three.

Enlistees under the new Air Force career plan as well as veterans wishing to rejoin will be included in the new quotas, Major Leer said.

Applicants for the career plan, however, will be given priority. The plan entitles them to select their course of technical training before they enlist. Once they qualify and are accepted, they can then enlist and be assured of attending the schools they have chosen. More than 60 specialized courses are available.

Married men will not be permitted to enlist in the lower four grades of private, private first class, corporal and sergeant, except former Air Force men rejoining within 90 days after discharge.

Direct Relief Load Drops in Michigan
Lansing, Michigan (AP)—Michigan's direct relief case load slumped in April from the six-year high reached in March.

W. J. Maxey, state welfare director, said the April count was 31,259, down 389 from the March peak.

He attributed the reduction to seasonal employment trends and said the case load probably would rise again in May due to the impact of the Chrysler strike.

The old age assistance case load, Maxey said, increased 17 to 91,060 for the first rise since last September.

Kalamazoo Pair Takes South Sea Honeymoon

Kalamazoo, (AP) — When Ross Parr and Mary Bestervelt were students at Michigan State college, they did not dare dream about the luxury of a South Sea honeymoon.

Nor did the young Kalamazoo couple, both 22, give it a thought while they were planning their wedding; that is, until they chanced to read a small item in the papers last week.

Then things happened fast — so fast that the couple set out on their journey to the balmy South Pacific within a few hours after they left the church. And they don't plan to come back. At least not soon.

It all started when Dwight Atwater, of Long Beach, Cal., announced that Australia was "the promised land." He said he was looking for an ambitious young couple to sail east with him and his family in a 75-foot schooner.

Papers all over the country carried the story, and Ross and Mary saw it. Without hesitation they wired: "Tell us more."

Atwater answered immediately. The schooner would leave June 1 with himself, his wife, his three children, and another couple was needed to round out the crew.

The itinerary which Atwater outlined read like an exotic adventure story.

A short stopover in Honolulu. . . Then 1,000 miles to tiny Christmas Island. . . Across the Equator and a stop at Samoa. . . On to Suva in the Fiji Islands. . . A visit to New Caledonia. . . And finally the last lap to Brisbane, Australia.

Mary was highly excited by the prospect of the voyage, even though her seamanship has been limited to a 17-foot sailboat on Gull Lake.

But there was no false allure for Ross, who served with the Navy on an LCI in the Pacific. "I know the old stories of romantic South Sea islands are a bunch of baloney," he says. "I saw them during the war."

However, that made no difference. Ross saw opportunities ahead in Australia.

"I believe young people can make good if they're willing to work for it," he says. "Sure, we know some of the GI's who have gone there are coming back. But I'll bet there were a lot of folks who came back from our own west when it was opening up."

So Ross wired Atwater: "Count us in."

Ross plans to go to Melbourne after landing in Australia. There he'll attend Melbourne university under the GI Bill of Rights and study for his master's degree in English literature.

After that, the South Sea honeymoon may last a lifetime.

"We're going to give it a good try anyway," Ross says.

Mr. and Mrs. Albert Tousignant

and daughter, Patsy, of Iron Mountain, and Miss Violet Tousignant of Green Bay have returned to their homes following a visit with Mr. and Mrs. Leo Gouin. They also attended the graduation of their nephew, Fred Gouin.

Mrs. Victorine Delhaye of Prospect Heights, Ill., has arrived here to spend the summer months at the home of her niece, Mrs. Ellen Gaudette, and with her sister, Mrs. Elsie Gaudette.

Carroll Norden, son of Mr. and Mrs. Emil Norden, is a medical patient at St. Francis hospital.

Mary Ellen Godin is visiting in Iron Mountain as a guest at the A. Tousignant home.

A few anchovies cut into a tossed green salad give excellent flavor. Hard-cooked egg, cut in rings, is also a good addition.

Mrs. Ed Martenson is chairman of the committee for the opening day, assisted by Mmes. Tom Beaton, William Butler, Wilmore Berglund, Einar Beck, Lawrence Beauchamp and G. E. Christie. Miss Shirley Baker and Miss Lucille Byersdorf.

General chairman of the Highland Women's League for the year is Mrs. Irene Savard and assisting chairman is Mrs. Lawrence Beauchamp. The secretary-treasurer is to be appointed at the opening meeting. Other officers are: golf chairman, Mrs. Max Saums; bridge chairman, Mrs. Carl Friets; publicity, Mrs. G. E. Christie; tournament, Mrs. Einar Beck; invitational tournament, Mrs. Wesley Hansen.

Long, Slimming
Lines Are Best
For Plump Woman

When the petite-sized woman takes on any middle-age gain in weight, her clothes must be much more carefully chosen.

The extreme fashions of the "new look" which are apt to be unflattering to her figure should be rejected by the small, plump woman. Not for her, for example, are skirts with extravagant flare, hippy pockets, or unpadded shoulder lines.

The short, stocky woman needs to wear shoulder pads to give her entire figure a lift and to make her waistline look slimmer.

She should reject loopy pockets or other hip-rounding devices on dresses or suits because these details have a widening effect on her figure. Because full-flaring skirts also have a widening effect, these should be rejected in favor of skirts with straighter lines or with modified flare. These will be much more slimming.

What the petite-sized woman can use to advantage, however, are longer skirts, which help to elongate length of figure. Her figure will also be flattered by "new look" fashions which are fitted through the waistline and have a minimum of hip-rounding detail.

Fine Spray Prods
Lazy Circulation
BY ALICIA HART
NEA Staff Writer

The woman who makes full use of the shower bath's high-pressure spray utilizes one of her most available aids for stimulating the circulation. Such aids are apt to be needed as prods, the older we grow.

Besides a needling spray, you can add to your list of circulation-routers a shower-bath mitt. Strapped over the hand, a soap-impregnated mitt of coarse terry cloth creates friction when it is zipped over the skin. If used briskly enough, a coarse mitt is also effective as an aid for sloughing off dry-skin scales, particularly from elbows and feet.

Putting energy into towelling your skin dry after your shower is another circulation-rouser. The coarser your towel, the better it is for this purpose. To get the liveliest action, hold your towel taut at each end, and pull it back and forth across your body with brisk movements of hands.

An ice-water bath will give canned shrimp a fresh-from-the-Gulf flavor. For their dip, drain the liquid from the shrimp and reserve that for preparation of the recipe. Then put drained shrimp in a bowl with eight or ten ice cubes and a little cold water. Let them soak for 10 minutes.

Little Things
Mean Happiness
BY RUTH MILLETT

A Massachusetts woman, who has already lived 102 years and is still finding life good, has a philosophy of life that young women living through their busy, hectic, crowded years might borrow to good advantage.

It is not, she claims, the big, important events in her life that a woman remembers with deepest happiness. When she is old and has time to sit in the sun and look back on her life it's the little things that stand out. So looking back over a long and happy life she advises women to stop fussing and fretting and worrying—and to enjoy life as they go along.

Modern woman is beset by advice. But most of it just stirs her up to more unhappiness.

Relax, Sister, Relax

Perhaps she could do far worse than to take the advice of a 102-year-old woman who has lived long enough to know that it doesn't pay a woman to fret and fume and worry.

Today's woman might be a happier woman, a better wife and mother and a more serene homemaker if she would make up her mind to relax and get some pleasure out of every day.

At least it is advice that won't make her more frustrated than ever like most of the advice she gets from the experts.

And it just might be that a woman who has lived to the ripe old age of 102 and is still enjoying life knows more about how to be a happy woman than all the so-called experts put together.

Births

Mr. and Mrs. Donald Polkey, 25 Highland avenue, Wells, are the parents of a daughter, Donna Lynne, weighing six pounds and fourteen ounces, born May 22 at St. Francis hospital. Donna Lynne is the first child in the family. Mrs. Polkey is the former Emyral Winling, daughter of Mr. and Mrs. Leonard Winling.

Mr. and Mrs. William Winling, of Fort Wayne, Ind., former residents of Escanaba, are the parents of a son, who weighed six pounds and two ounces, born on May 24. Mrs. Winling, before her marriage, was Lorraine Gaudry.

Annual Gub-Fest
Of Central M. E.
Church Tuesday

The annual gub-fest of Central Methodist church was held last night at the church with the men of the congregation as host. Prof. C. C. Wiggins, of the faculty of Northern Michigan College of Education, was principal speaker and addressed his audience with a lecture on democracy.

Manley Anderson, former Chicago music teacher and resident of Escanaba, played Trieste overture and Clare de Lune on the accordion and Mrs. Anna Harrod accompanied Gail Russell for a performance of Handel's Where'er You Go, for the musical portion of the program.

Refreshments were served by the men later in the evening to a large assembly.

In the course of his lecture, Professor Wiggins explained that democracy is the belief in the right of every man to share in the goods of the earth and the responsibility of every man for their right use as determined by the majority.

It acts as a leavening process in keeping men of the world free and equal, and implies freedom from kings of finance as well as kings of kingdoms. The strife and other disruptive forces evident today are merely the workings of democracy in a people striving for freedom.

In his lecture Professor Wiggins cited quotations of many men of history and touched briefly on the Russian question. He said:

"The United States need not fear Communism nor any other 'ism' if its people are firm in their belief in democracy and are awake and informed of the problems facing them. Government officials are the servants of the people when truly great, and are never more than the symptoms of government. The true govern-

Professor Wiggins also commented on the fact that when only a minority of people go to the polls, a good man for public office is often defeated, just as he would be if they voted against him.

Candle-Light Rosary and May
Procession Monday for Rally
Of Marquette Sodality Union

A pageant consisting of the candlelight rosary, procession and May crowning will be presented in the exhibition building of the Upper Peninsula Fair grounds for the annual Marquette diocesan sodality rally May 31. St. Joseph school in Escanaba is host.

Reverend David Spelgatti of Marquette will be master of ceremonies and speakers from the

seven U. P. Catholic schools will give Biblical readings for the tableaux.

The animated Rosary will be formed in pastel colors on the arena floor, and as each bead is reached, a student will recite an Our Father or Hail Mary.

Fred McGuigan, prefect of St. Joseph high school sodality, will introduce the story of the rosary and Gerald Gleich will give the history of the rosary. Francis LeGault will explain the rosary and Ellsworth Viau will recall how it is to be recited. Joseph Sullivan will speak in behalf of the family rosary.

As narrators present the Biblical settings, the schools will portray the mysteries of the rosary. The Annunciation will be portrayed by St. Ambrose school of Ironwood; the Visitation by Baraga school of Marquette; the Nativity by St. Paul's of Negaunee; The Presentation by Lorette high school of Sault Ste. Marie; and the Finding of the Child Jesus in the Temple by Sacred Heart school of Calumet.

Crowning of Our Lady
Following the recitation of prayers, other sodalists will form the procession that will lead to the crowning of the statue of Our Lady by Cecile Bussineau, vice-prefect of St. Joseph high school in Escanaba. The May Queen will be preceded by Fred McGuigan and her crown-bearer, Shirley Sauers. Mary Anne Bartel and Joan Corbett will serve as her special attendants. The Queen's train-pages will be John Blizel and Don Zimmerman.

The rally of the Marquette diocese sodality will begin with a 10:30 mass in St. Joseph church Monday.

Facings Aid in
Remodeling Skirts

If you've been lucky lately you have found a good supply of hem facings at notion counters recently. These facings are a big help to anyone interested in saving money and acquiring the "now look."

With the right kind of facings you can let down last year's dresses for the new length advises Jane Werden of the textiles department at Michigan State college. However, if you buy the wrong kind you will be sorry.

Check rayon seam bindings carefully. Some of it has raw edges that do not show up at first. That means that the binding was just cut off the required width and not woven with selvages. You may not notice this when you buy it—but you will after you have worn the dress and find your hem pulling out because the binding has begun to ravel.

Facings come in several types and many colors. Usually they are cut on the bias and may be cotton or rayon. If you plan to face a cotton dress, a cotton facing is most desirable. The cotton dress has probably been washed several times and shrunk as much as it ever will. For this reason it is a good idea to shrink the facing before putting it on the dress. This is rather a nuisance at the time because the facing is not quite so easy to handle after shrinking. But the final results when you wash the dress will be much more satisfactory.

Rayon facings are desirable for use on rayon or wool and make a nice finish on the garment. Since the majority of facings are cut on the bias, be careful not to put them on too tight so that the hem will show when finished.

On very cold windy days, it's advisable to dry clothes indoors. If clothes are hung outdoors and allowed to freeze stiff on lines they suffer unnecessary wear and tear when the wind whips them.

Silver Wedding Party

Mr. and Mrs. Oscar Vannberg, 506 South 17th street, whose silver wedding anniversary was May 24, were honored recently at an evening gathering of fifty friends at their home. The silver wedding party was arranged by Mrs. Chet Clements and Mrs. Carl Frans.

Rev. Gustav Lund presided at the program arranged for the evening. The entertainment included vocal numbers by Rev. Mr. Lund, Miss Ruth Glad and Mrs. Rudolph Larson, presentation of the gifts and purse of silver by Carl

Frans and a talk by John S. Back.

Roses and carnations were combined in the floral decorations and centering the table at which the Vannberg's daughter, Mrs. Gerald Anzalone, of Marquette, presided, was a three-tiered wedding cake, with candelabra holding lighted tapers at either side.

Mr. and Mrs. Vannberg were married in Escanaba. Their family includes two children, Mrs. Anzalone and Robert, of Escanaba, and one grandson, Stephen Anzalone.

Among guests at the silver wedding observance were Alfred Sviland, who was best man at the wedding 25 years ago, Mr. and Mrs. Anzalone and Stephen, of Marquette, and Mr. and Mrs. Mike Nelson of Iron Mountain.

Unfriendliness

Is Age Symptom
BY ALICIA HART

The woman who fails to respond to friendly overtures from people seems old, no matter how young she is.

Don't allow any tendency to repel friendliness develop into a trait which can rob your personality of its youthful appeal as well as one of its liveliest attractions.

The trouble with many women who give out with a tepid response or actually freeze up when amiable overtures are made to them is that they don't know how to respond. Yet any woman can learn how.

She can force herself to respond. She can learn to obey natural instincts. She can begin by forgetting many of the stuffy rules of behavior which govern her reactions.

Here's a good test of your ability to respond. Suppose some im-

pulsive friend, or person who would like to be friendly, calls you up on a nice spring day

when you are busily engaged in housework and suggests joining her for a stroll in the park. Is there enough spirit of youthful adventure dormant in your personality to be sparked into activity by this suggestion? Or are you so hedged in by routine or concepts of conventional behav-

ior that you respond with a polite "No, thank you"?

If you refuse such an invitation, you can be sure that your impulsive friend won't be inclined to ask you again. That in itself may not be cause for worry. But what should be cause for worry is that you may be proving your inability to respond by such a reaction. There is something to worry about.

Party-line sharing helps bring telephones
to many more waiting applicants

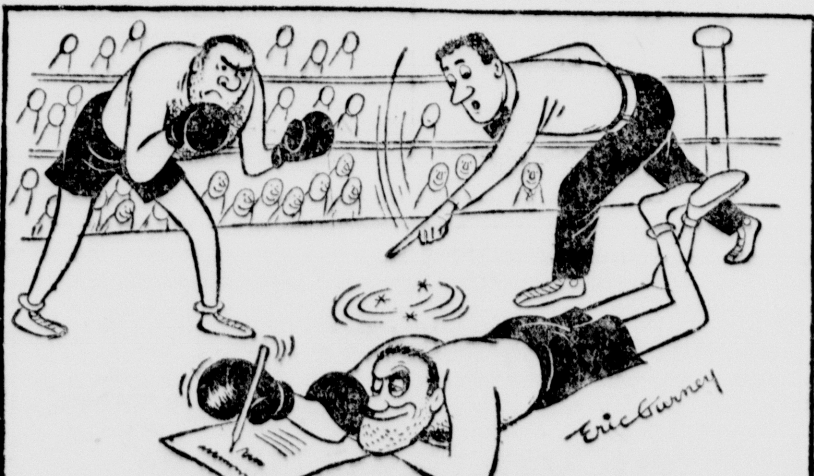

Suppose you had a choice—either having an individual line and denying some friend a telephone, or sharing a party line so that your friend could have service too.

We're quite sure you'd prefer to share service the "party-line" way. That's why most folks feel we're right in limiting new residence telephones to party lines whenever by so doing present equipment can be made to serve more people.

It's through the co-operation of folks on party lines—many of whom, we know, would like to be on a line of their own—that we're able to bring telephones to a lot of other families sooner.

It will be a great day when we again have all the cable and central office switching equipment we need to furnish everyone the kind of service he wants, when and where he wants it. And we are doing everything we can to hasten that day.

LEGION POPPY DAY MAY 28-29

Mayor Burns Asks Public To Support Effort

In deference to the Manistique unit of the American Legion Auxiliary, which will conduct its annual sale of veteran made poppies, Mayor Walter Burns has issued a proclamation declaring Friday and Saturday, May 28 and 29 "Poppy Day" in Manistique.

These days being on the eve of Memorial day, the mayor deems it fitting and proper that everyone wear a poppy, symbolizing the natural decoration of many a grave of those who made the supreme sacrifice for our country.

Mayor Burns stresses, however, that even more than the symbolic purpose these poppies serve, is the good that the funds from these poppies does in behalf of disabled war veterans and those dependent upon them.

Disabled veterans receiving treatment in government hospitals made these poppies and are paid for each one of these artificial flowers they produce. This pay, in some instances, is the only income the veteran receives and the funds secured have helped tide many a family over a hard period.

As has been well said by the original sponsors of "Poppy Day," "when we honor the dead by wearing their memorial flower, we also help those who are still living in war's dark shadow."

Volunteer workers will be in vantage points about town throughout Friday and Saturday selling these flowers for whatever anyone may wish to give.

Teachers Club Honors Those of Long Service

Teachers of long years of service in Manistique schools were honored at a dinner party by members of the Manistique Teachers Club at the high school building last Monday evening. Honored as members of the school staff for more than a quarter of a century were Mrs. Alice Reily, Miss Effie Carrington, Mrs. Dorothy Shipman, Stanley Carlson, A. E. Hall, Miss M. Benson and William S. Cook.

Mrs. Reily, who has been with the school for 37 years, and is therefore oldest in point of service, received a gift of a writing set as a memento, all ladies received corsage bouquets and the men buttonholes. Also occupying places of honor were four teachers who have retired from the service, Miss Helmo, Miss Tucker, Miss Jachor and Mrs. Woodford. Also present were members of the board of education and their wives or husbands.

The tables were beautifully decorated for the occasion and the dinner was served buffet style.

On the program which followed the dinner were Mrs. Elwood Taylor, who gave a number of readings, and J. Earl Cousineau, who sang several solos. Mr. Cousineau also led the group singing.

The party was also the occasion for the election of officers of the teachers club which resulted as follows: Ted Coromus, president; Don Dessinger, vice president; Mrs. Edwards, secretary and Mrs. E. LaFave, treasurer.

Chairmen of the various committees for the party were, Mrs. Leona Williams, program; Mrs. T. Coromus, foods; Mrs. A. Cockram, decorations and Miss Winnifred Orr, service.

MRS. J. SCOTT IS STRICKEN

Former Loreen Smith Died Monday P. M.

Mrs. James P. Scott, the former Loreen Smith, who lived practically all her life in Manistique, died Monday evening at the University hospital at Ann Arbor where she had been taken a few days previously for treatment. She had been ill for about two weeks.

Mrs. Scott was born in Manistique on May 24, 1923, attended local schools and graduated from Manistique high school with the class of 1941. Later she attended Northern State College at Marquette.

She was married on February 15, to John P. Scott, of Los Angeles, Calif., who with an infant son, Ernest, survives her. After graduating from high school she was employed in the Central Market and recently, up to the time of her last illness, was employed with the Swanson Trucking Company. She was a member of the First Methodist church.

Surviving her, besides her husband and son, are her parents, Mr. and Mrs. Ernest Smith and a sister, Mrs. James Holm, all of Manistique.

Funeral services will be held Friday afternoon at 2:30 o'clock at the Morton Funeral Home with the Rev. Meldon Crawford, of Lake Linden, officiating. Burial will be in Fairview cemetery.

Steals Watch-Pawns It-Sells Ticket-Jailed

Otis Braux, who gave his home address as Port Arthur, Texas, is being held at the county jail for a twenty day period on a theft charge. According to the evidence, he and another transient named Gifford Knutson were drinking at a local tavern and when Knutson became intoxicated, Braux stole his watch. Braux then pawned the watch at a local shop and sold the receipt to another party for \$3. The party buying the watch, finding that he had dealt in stolen property complained to the police and Braux was soon placed under arrest.

Appearing before Judge Ralph Merwin Saturday, Braux pleaded guilty to a misdemeanor and was given the jail sentence. The watch was restored to its original owner.

300 Athletes From 36 Schools To Compete In U. P. Track Finals

Soo, Maroons, Newberry Face Strong Challenge From Big Ironwood Team

Three hundred young athletes representing the cream of track talent from 36 Upper Peninsula high schools, who qualified in the four district track meets last Saturday, will compete in the annual Upper Peninsula prep track and field finals at the Escanaba high school athletic field this Saturday morning and afternoon.

One hundred and thirteen athletes from 14 schools are entered in Class B, 87 from 10 schools in Class C, and 100 track and field men from 12 Class D-E institutions will seek Upper Peninsula championship honors here Saturday.

A day-long program of activity is on tap, and many individual duels have developed, so far this season, to assure track fans from all parts of the peninsula of an interesting meet. Competition in all classes is expected to be particularly clean in the dashes, hurdles and the jumps.

Starting time is 9:45 a. m. (EST) with preliminaries in the 120 yard high hurdles and shot put, high jump, pole vault and broad jump competition in certain classes. Preliminaries in the 400 yard, 800 yard and low hurdles in all classes will complete the morning program.

All other events will be held in the afternoon, with the program opening at 1:15. The 880 yard relay at 4:10 p. m. will conclude the busy schedule.

Four-Way Fight
A four-way fight for Class B honors looms on the strength of the showing of Ironwood, Menominee, Soo and Newberry in district competition. Soo nosed out Newberry at the Marquette meet, and Menominee and Ironwood had comparatively easy sailing in their respective meets.

New Upper Peninsula champions in Classes C and D-E appear almost certain. L'Anse, reigning C titlist, with a seven-man squad prepares to face a challenge of 19 Munising qualifiers, 18 from Wakefield and a fast team of 15 from Houghton, and Powers-Spalding, the 1947 Class D-E champion, with only six qualifiers must battle 10 Hermansville qualifiers and a 13-man Eben team.

Hermansville defeated Powers for the district title in Menominee last week. As for the Class B picture, Menominee has strength but lacks the depth of Ironwood, which is sure to pick up many place points. And the Maroons almost must face fast competition from Soo and Newberry.

Complete Entries
Entries in each class and number of qualifiers for each follow:
Class B—Ironwood 24, Menominee 15, Newberry 12, Escanaba 12, Soo 10, Kingsford 7, Iron River 6, Marquette 6, Calumet 5, Manistique 5, Ishpeming 4, Bessemer 3, Iron Mountain 3 and Stephenson 1.
Class C—Munising 19, Wakefield 18, Houghton 15, Gladstone 8, Crystal Falls 7, L'Anse 7, Hancock 5, Ewen 3, Baraga 3, Lake Linden 2.
Class D-E—Chassell 21, Alpha 17, Eben 13, Hermansville 10, Trout Creek 7, Powers 6, Gwinn 6, St. Ambrose of Ironwood 5, Rock 5, Rapid River 5, John D. Pierce of Marquette 3, Channing 2.

Tribe Uses Bob Lemon To Put Squeeze On Rest Of League

By Joe Reichler
Associated Press Sports Writer
The Cleveland Indians are putting the squeeze on the rest of the American league clubs with a "lemon"—Bob Lemon, a converted infielder-outfielder.

Lemon, the No. 2 pitcher on the Tribe's staff, second only to Bob Feller—has been knocking the bats out of enemy hands with even greater elan than his tutor, Rapid Robert himself.

Each has won five games, but Lemon has lost only two to Feller's three. The pupil also tops the teacher in complete games, six to four; shutouts, two to one, and, strange as it may seem, in strikeouts, 37 to 27. Lemon's totals in complete games, shutouts and strikeouts are also high for the league.

Not bad for a California kid who only two years ago was ready to quit baseball after proving a lemon both as an infielder and outfielder.

The 27-year-old native of Long Beach turned in his best performance of the season last night as he shut out the Washington Senators, 4-0. He allowed only four hits and fanned 11—a season high.

He helped win his own game with a third inning double which highlighted a two-run rally. Ken Keltner, Cleveland third sacker and leading home run hitter with 13, suffered an arm injury when he was hit by a thrown ball. He will miss several games.

The victory enabled the Indians to retain their half-game margin over the runnerup Philadelphia Athletics.

The battery combination of pitcher Bob Savage and catcher Buddy Rosar led the A's to a 4-3 win over the White Sox in a night game in Chicago. Rosar's sixth inning single scored Hank Majeski with the winning run.

Assaulting four Boston pitchers for 17 hits, the surprising Browns whipped the Red Sox, 9-4, in a night game in St. Louis and moved into a virtual tie with Detroit for fourth place. They trail the Bengals by four percentage points.

Paul Erickson, making his first start for Philadelphia since being acquired from the Chicago Cubs, pitched the Phillies to a 4-1 victory over the Pittsburgh Pirates in a night game in Philadelphia. The tall righthander gave up only four hits in 6 two-thirds innings before he retired because of a pulled shoulder muscle. Schoolboy Rowe, held the Pirates to two hits the rest of the way.

Will Turnesa Opens Golf Title Defense
Sandwich, England, May 26 (AP)—William Turnesa of White Plains, N. Y., opened the defense of his British amateur golf championship today by eliminating Frank Tatum, Jr., of Los Angeles, 5 and 3.

The New Yorker won six of the first nine holes, making the turn 5-up, and coasted the rest of the way against his American opponent, a Rhodes scholar at Oxford university.

Turnesa's triumph landed him in the third round, where he will play against the winner of a duel between Donald Ashton and Cyril Tolley.

Golf Proves A 'Humblin' Game In PGA
By Hugh Fullerton, Jr.
St. Louis, May 26 (AP)—There's a saying as old as golf that it's "a humblin' game" and the just-completed PGA tournament proves it. . . . The field included several former PGA champions, American and British open champions, the leading money-winner of the tournament circuit, and holders of assorted lesser titles. . . . They had good reason to be proud of their golf, but at the end all had been humbled except little Ben Hogan, the guy with an aching back who feels

of playing all the way around the circuit. . . . a notable example, perhaps, was Claude Harmon, who was kidding between the halves of his semi-final match with Sammy Snead. "I'll have a big apartment and a car at my disposal for the open championship at Los Angeles. And for the British open Bob Sweeney says his valet will meet me at the plane and we'll live in the house he had taken for the week. I'm the masters champion now and the masters champion travels in style." . . . Well, Snead carried Harmon to 42 holes that day and Mike Turnesa eliminated him the next afternoon.

Sound and Fury
Even Hogan didn't entirely escape the humbling effects of golf. . . . on two occasions his ball rolled under a loud-speaker truck following the final match and once it got there Ben almost pushed a shot out of bounds . . . when he made that shot, Ben growled: "If it isn't out of bounds it ought to be." . . . He found his ball deep in the rough and changed his mind two or three times before deciding which club to use . . . then he knocked it over the green and under the truck again . . . What Ben said then couldn't be heard and probably shouldn't be reported anyway.

Mike Fight
Mike Turnesa, yesterday's runner-up, tells a story about his match with Sammy Snead at Denver in 1941. They had to play across a creek and as soon as Mike hit his ball, the crowd rushed for the bridge, by the time Turnesa got there, he had to push through the mob and a policeman, checking tickets, wouldn't let him pass. "I told him, 'listen, I'm playing in this thing.' And the cop says, 'Go on. Don't hand me that stuff. One side, please.'" Mike explained, and it wasn't until an official came to his rescue that Mike could cross.

Dots All Brothers
The St. Louis Cardinals carried their new spin night game uniforms through most of their eastern tour without using them because they wouldn't change during a winning streak. . . . Horace Hendrickson, U. of Penn. backfield coach, and Albert (Pop) Warner, who coached the lines for Carl Voyles at William and Mary and Auburn, will join Voyles' Brooklyn Dodger coaching staff . . . when the Indians' Ken Keltner was trying to break a batting slump, he picked up a bat left behind by Rookie Al Rosen, who had been optioned to Kansas City. . . . it worked so well that

highlighted a two-run rally. Ken Keltner, Cleveland third sacker and leading home run hitter with 13, suffered an arm injury when he was hit by a thrown ball. He will miss several games.

The victory enabled the Indians to retain their half-game margin over the runnerup Philadelphia Athletics.

The battery combination of pitcher Bob Savage and catcher Buddy Rosar led the A's to a 4-3 win over the White Sox in a night game in Chicago. Rosar's sixth inning single scored Hank Majeski with the winning run.

Assaulting four Boston pitchers for 17 hits, the surprising Browns whipped the Red Sox, 9-4, in a night game in St. Louis and moved into a virtual tie with Detroit for fourth place. They trail the Bengals by four percentage points.

Paul Erickson, making his first start for Philadelphia since being acquired from the Chicago Cubs, pitched the Phillies to a 4-1 victory over the Pittsburgh Pirates in a night game in Philadelphia. The tall righthander gave up only four hits in 6 two-thirds innings before he retired because of a pulled shoulder muscle. Schoolboy Rowe, held the Pirates to two hits the rest of the way.

ESCANABA DAILY PRESS SPORTS
"It Seems To Me"
BY IIM WARD

The Escanaba Bears are planning a benefit game for their regular catcher, Floyd Brunelle, who suffered a fractured ankle when he slid into third in the second inning of the Munising game here Sunday. . . . No definite arrangement as yet, but Manager Pete Derwin says it will be played in about two weeks. . . . The pony express made pretty good time this week. . . . Trenary defeated Diorite, 6-5, in their Rainbow encounter, and Norway triumphed over Foster City. . . . It has bogged down, however, with the Ironwood district track results. . . . Hope to have them in time for your perusal before the U. P. meet here Saturday.

When Menominee won the district track title last Saturday, it was the third consecutive time the Maroons have turned the trick. . . . They are singing the praises in Menominee of two great Maroon athletes who made their final competitive home appearance Saturday. . . . You guessed it. . . . They are Mike "Moe" Shatusky and Jack "Monk" McCormick, football, basketball and track stars. . . . Ol' "Moe" even shoots golf. . . . He'll run into Ray Hirm & Co. in the U. P. golf finals in Crystal Falls tomorrow.

Dr. E. M. Hirm, Ray's father, shot a commendable 36 at Highland a few days ago. . . . So you see, Ray comes by his golfing skill naturally. . . . That is Dr. Hirm's lowest score at Highland, and he's happy about it because now he can talk turkey with his sharp-shooting golfing sons, Ray and Ronnie. . . . Among the lowest scores at the Escanaba Golf club this spring is Tony Cass' 34. . . . He played 36 holes one day and collected the 34, on the last round.

Yankees Dance A Conga Line Around Detroit Tiger Bases

By Frank Kenesson
Detroit, May 26 (AP)—Even without their most popular weapon, the murderous home run, the New York Yankees are strictly poison to rival pitchers and the Detroit Tigers had four today who could prove it.

Plastering Freddie Hutchinson, Al Benton, Stubby Overmire and Ted Gray for 22 hits—eight of them for extra bases but not one a homer—the Yanks staged their biggest scoring spurge of the season yesterday to blast the Tigers 16 to 5.

It was the Bronx Bombers' first appearance of the year in Briggs stadium, but the 18,864 shell-shocked fans saw enough hitting to last all season.

Right Fielder Tommy Henrich, who could bat blindfolded in Detroit and still get his share of basehits, led the Yankee parade with a perfect day at bat—two doubles, three singles and a walk.

Charley Keller, George McQuinn and George Stinewiss collected three hits apiece as every man in the New York lineup hit safely at least once and all but Joe DiMaggio and Bill Johnson got at least two blows.

Henrich crossed the plate four times himself as the Yanks danced around the bases in a regular conga line. Catcher Yogi Berra, the only man who didn't score a run, made up for it by batting in four and Keller and Stinewiss drove across three apiece.

Altogether 53 men came to bat and 31 of them reached first base safely, six of them on walks and four on Tiger errors that made a half dozen of New York's first nine runs unearned.

Hutchinson, belted for five runs on six hits in the first two innings, didn't appear for the third round but the hit-happy Yankees treated his three successors with equal disdain. Benton gave five hits and four runs in 2 2/3 innings; Overmire was pasted for eight hits and four runs in 2 1/3 and Ted Gray yielded three hits, four walks and three runs in 2.

Gladstone Brave Golfers Bow, 10-1, To Eskymo Squad
Eskymo golfers added the Gladstone prep links team to their list of pre-U. P. tourney victims this week they defeated the Braves, 10-1, in a tuneup for the U. P. high school golf tournament in Crystal Falls tomorrow. The match was played on the Escanaba Golf club course.

Ray Hirm continued to shoot consistent golf, firing a 36-38—74 at Gladstone's Charley Green to win three points. Another three-point winner for Escanaba was Dale Jackson, who defeated Morris Siebert with a 44-42—86. Harold Van Effen, Eskymo, shot 46-43—89 to take two points from Bill Rajala, who won Gladstone's only point with a 44 against Van Effen's 46 in the first round.

Kenneth Van Effen won two points from Warren Peterson, Gladstone. The halved the first nine, but Van Effen took the last nine and the 18.

Hirm's card showed birdie deuces on the third and seventh holes.

All members of the softball team sponsored by the Escanaba aerie of Eagles are asked to report for practice tonight at 6:30 at the junior high school diamond.

PEOPLE'S HOTEL WINS
With Hurler Eis turning in a three-hit game, People's Hotel defeated Larmay's, 2-1 in a city league softball tilt at Royce Park last night. People's scored its two runs in the seventh inning to win. Larmay scored in the fifth. Batteries: People's—Eis and Brown; Larmay—Brayak and Bittner.

WOLVERINES TIP GUARDS
In a National loop game at Dock diamond last night, the Wolverines walloped the National Guards, 15-0, first shutout of the season. Baker pitched a three-hitter with Laviolette back him up. Guard battery was Erickson, McCarthy and Perron.

VFW WINS AGAIN
The VFW defeated DeGrand, 8-1, last night behind the one-hit hurling of Charley Weber. George Koster came through with a home run in the fourth inning for the victors.

SCHEDULE FOR TONIGHT

Detroit, May 26 (AP)—The 45th annual American Bowling Congress championship drew close to the final firing today with late competitors still trying to dethrone the leaders. When the meet ends May 29, it is likely that bowling enthusiasts will have seen the last of a championship

By Skipper Patrick
St. Louis, May 26 (AP)—Stonemason Ben Hogan, the great little pressure player from Hershey, Pa., can thank a fine iron game for his second Professional Golfers Association championship and a \$3,500 boost to the family bankroll.

Hogan beat veteran Mike Turnesa, of White Plains, N. Y., 7 and 6, yesterday in the finals of the 30th PGA tournament, mainly because he was complete master of his wedge and eight iron.

The prize money vaulted Hogan's tournament earnings for this year to \$13,897.50 for 49 rounds of play, second only in dollars and cents to Lloyd Mangrum of Chicago, who has picked up \$14,764.99 in 10 more rounds.

Turnesa, one of three brothers who have lost in the finals of PGA tournaments, simply didn't have the strokes to match the sub-par shooting of the Texas-born Hogan.

With conceded putts, Ben travelled the seven days of golfing over the short and hilly 6,467-yard Norwood Hills Country club course in 35 under par for the 213 holes. That included two rounds of qualifying play.

Turnesa often outdove Hogan but performed feebly on many of the greens, although he is regarded as one of the better putters of the game. Three-putt jobs on two greens had a crippling effect on the popular New Yorker.

Always on the inside with his brilliant approaches, Hogan trailed only once during the day—on the second hole Turnesa sneaked a 20-footer into the cup. Ben evened the match at the fourth, went ahead on the fifth and from that point never looked back. He was 1-up at the turn of the nine, 4-up from eighteen, and 4-up after the twenty-seventh.

Hogan was nine strokes under par yesterday when the match ended. He completed the morning round in 32-33—65, six strokes under regulation figures. Hogan went out in 34 in the afternoon, one under, and closed the match with birdies on the 29th and 30th holes.

Turnesa went the distance in 33-37—70 in the morning and was out in 34 after lunch.

Eskymo Nine Loses To Negaunee, 7-4, For A 6-3 Record

Negaunee, May 26 (Special)—The Escanaba high school Eskymos closed the season with a won six-loss record after losing yesterday afternoon. The Eskymos split even with Marquette, Ishpeming and Negaunee, defeated Gwinn twice and St. Joseph's of Escanaba once.

Ray Berndt, outfielder-hurler, smacked the only extra base knock of the game, a triple in the third to drive in Escanaba's first run. The Eskymos punched across three more in the fourth but were trailing 5-4 going into the fifth on the strength of three Negaunee runs in the second and two in the third. The Miners scored one in the fifth and one in the sixth.

Sen. George Girrback

STATE SENATOR GEORGE GIRRBACH of Sault Ste. Marie who died Monday morning of injuries sustained in an automobile accident near Flint Sunday was one of those rare individuals who was both a successful businessman and a successful politician.

Mr. Girrback has been associated with the dairy industry in the Upper Peninsula for a number of years and was the manager of a progressive creamery in Sault Ste. Marie. He was serving his second term in the Michigan Senate at the time of his death. The high regard in which he has been held by his constituents is indicated by the endorsements he received two years ago as a prospective candidate for governor.

The untimely death of Senator Girrback is a severe loss to the 30th Michigan senatorial district, which Girrback has served so loyally in the past four years.

Inasmuch as the Michigan legislature, which recently concluded a special session, is unlikely to meet again this year, it may be presumed that the vacancy caused by Girrback's death will not be filled prior to the general election in the fall.

Austin's Difficult Role

TO reporters who asked him if it were true that he was going to quit his United Nations post, Warren Austin gave this amiable but pointed answer: "If you ask me whether I am going to resign, I am not."

That is as definite a statement as anyone could ask. Yet it is not surprising that rumors to the contrary have been circulating. For Mr. Austin's recent diplomatic role has been most difficult and embarrassing.

As America's top man in the United Nations, it was his assignment last year to put through the UN Commission's proposal of partition in Palestine.

Even after our government came out for partition there were a good many reluctant members who had to be brought into line. This was accomplished—and, according to reports, not always on the high plane of polite diplomatic language. At any rate, there is little question that the final partition vote was largely the result of American influence.

That was in November. Then, in March, it was Mr. Austin's unhappy lot to have to go before the Assembly and try to argue just as persuasively against partition as he had in favor of it less than four months before. Mr. Austin didn't make the policy, but he had to make the speeches.

The argument prepared for him had more loopholes than logic, but he gave it a good try. Right down to the wire he held out for trusteeship.

Mr. Austin was spared the crowning embarrassment. Apparently he thought that when he had made his final plea against setting up an independent Jewish state at this time, his voice was speaking his government's last word on the matter. So he was not in the General Assembly chamber when word came that the United States had recognized the Jewish state—10 minutes after its independence was proclaimed.

But Mr. Austin has been present since then to try to answer unanswerable questions, to listen to sarcastic jokes of other delegates about American diplomats who don't know their own government's policy.

No wonder, then, that there were rumors that Mr. Austin might resign. In sticking to his job he seems to have acted from a rugged sense of loyalty. He is only the mouth-piece for his government's policy, and the UN delegates understand that. Still, there can hardly fail to be a personal feeling of humiliation and loss of prestige after the performance he had to give.

Probably Mr. Austin has saved his government a further embarrassment by staying on instead of resigning as an understandable gesture of personal protest. For him and for other of our diplomatic representatives who have recently had the rug pulled out from under them, we can only hope that they may be spared a repetition of that experience.

Rural Zoning

A rural zoning law enacted at the recent session of the Ohio legislature gives farm families in that state a chance to protect their homes and property values, the Country Gentleman states editorially in its current issue.

By means of the zoning law they can keep out rowdy entertainment spots, undesirable types of business and other nuisances that are now invading the countryside. Some of the counties and townships in that state are already preparing to put the law to use. Its workings should afford some ideas for those who want to protect rural communities in other states.

The Ohio law was backed by the State Farm Bureau Federation, the Grange and Ohio Planning Conference. It gives to rural

people the same rights to determine the character of their neighborhoods that city people have long enjoyed under zoning regulations. And, at the same time, it does not interfere with any legitimate farming enterprise or now established business. The principal pressure for it came from those living in the more populous counties, containing large cities. In those counties undesirable activities were regulated within the city limits, but they flowed out into the rural territory where little could be done to control them. The same situation is developing in numerous other states.

Under the law, zoning can be initiated either by counties or townships and must be if 8 per cent of the voters at the preceding general election request it. Then some steps are required to make sure the action isn't hastily taken and that a majority of the people understand and approve it. A county or township rural zoning commission of five members, who live in the area, is set up. These make a thorough study of local conditions and wishes and prepare a zoning map and ordinance. This is submitted to the people at public hearings. In the case of a county zoning ordinance the hearings must be held in every township.

After review by the county commissioners or township trustees, the zoning ordinance is submitted to the voters. Where it is a county proposal it goes into force only in those townships where a majority vote favored it. Once the zoning ordinance is adopted, a certificate is required for every new business enterprise or for the erection of any buildings except those for farm use.

The Ohio measure may seem to involve a lot of work and red tape, but it is democratic and it lets the people decide what they want and don't want in their communities. It is likely also to cause them to do a lot more thinking and planning than they would otherwise give to their community's development. Zoning is a tool to help them carry out a development program, as well as a defense against detrimental influences. Something of the kind is needed in every state, for the protection of rural homes and property values has lagged behind that of the cities. The Ohio law should prompt action by some of the forty-four state legislatures that meet next winter.

A CENTURY OF THE AP
(Christian Science Monitor)

The ten men who set out to cover the news world in 1848 through an agency to be known as the Associated Press could hardly have foreseen the demands that would be made on their organization in its first hundred years. The United States' war with Mexico, the California gold rush, the influx of liberty-seeking men and women from the turbulent Europe of 1848 into the American melting pot—these developments indicated the diversity, in space and character, of the newsman's ever-broadening field.

Looking back over the last hundred years, the AP might pause in amazement at its own growth and the global extensions of its usefulness. Where less than a dozen men represented half a dozen papers in a cooperative enterprise, now thousands work together to bring in and distribute news through 3,931 newspapers and radio members and subscribers.

The newspaper giants who met at the Sun office in New York on that early May day in 1848 were not the only pioneers in this field. In Europe, Paul Julius Reuter was struggling, against the restrictions of the French government, to set up a news agency. He moved to England and, about ten years after the AP was launched, got a real start by placing in The Times of London a speech by Napoleon.

Who could have guessed, in those exciting but relatively simple days, what the futures of such organizations would be? Now, with 100 years behind it, the AP goes forward knowing that the biggest stories are still ahead, and feeling as sure as the centuries that, whenever and wherever those stories "break," the AP will be there.

ENGLISH AS SHE IS WROTE

I am almost persuaded that our schools and colleges teach advanced courses in writing looney logics; i. e., sentences in which misplaced modifiers make nonsense of the writer's words.

Teachers ask me to keep plugging away at English "as she is wrote." "One of your sane and witty columns is worth more than an hour of classroom drudgery."

Here are a few horrible examples from recent reading. Neil M. Clark, Saturday Evening Post: "Lyons staged hunting parties for Easterners that sometimes lasted for weeks."

Caption in a Los Angeles newspaper: "E—L— breaks down after arrest over bullet fired at stray cat which killed his neighbor."

Headline from an Arkansas daily: "Nine Women Die in Nervous Hospital Fire."

Caption in a Pittsburgh paper: "They were charged with mass murders during the war of civilian hostages."

John Mason Brown, in Saturday Review: "He was on a destroyer off Japan when it was hit by a suicide plane in Mr. Meggen's concluding sketch."

Now let's see what we have thus far: Easterners that sometimes lasted for weeks; a stray cat which killed his neighbor; a nervous hospital fire; a war of civilian hostages; a suicide plane in Mr. Meggen's sketch.

From a Boston daily: Kinsey's book gives a detailed account of the American male's sexual behavior with statistics."

World Events Analyzed

BY MARQUIS CHILDS

Washington. — The current alarm over Communism in the United States and in the world has been a greatly increased burden for the Federal Bureau of Investigation, the agency responsible under law for internal security. President Truman's loyalty order alone meant a new load of sizeable proportions.

FBI Director J. Edgar Hoover requested an appropriation of \$50,106,000 for the government year beginning July 1. The Bureau of the Budget reviewed the request and cut it to \$43,900,000.

There seems to have been little or no disposition in Senate or House to restore this cut, even though Hoover in his testimony made clear what it would mean. After July 1, 1,800 positions will be abolished, including a reduction in the number of FBI agents.

Hoover has said privately that it may be necessary to close down FBI offices in the territories. The seriousness of this does not need emphasizing in view of the vulnerability of Hawaii and Alaska and of the explosive potentialities in Puerto Rico, with its dire poverty and fearful overcrowding. In the period immediately preceding Pearl Harbor, the FBI in Honolulu developed vital information about Japanese inventions that the Army and Navy ignored.

TAFT URGES CAUTION

Both House and Senate have approved the FBI appropriation as cut but the Bureau of the Budget. Yet at the same time, by an overwhelming majority, the House passed a law intended to bring Communism into the open and thereby make it harmless. This is a beautiful example of our tendency to rely on the magic of law.

Senator Robert A. Taft says the Mundt bill must be given serious study before the Senate can consider action. It is hoped the study will include a thorough survey of present security measures, with a view to determining whether they can be more effectively employed within the framework of the constitution and present law.

Rep. Clet Holifield put in a bill calling on the attorney general to submit a detailed report on the efforts being carried out under present laws, with conclusions on whether these laws should be strengthened or new laws adopted. The Holifield measure has the same preamble as the Mundt bill, setting out a "clear and present danger," but significantly it includes the danger from Fascism as well as Communism.

The political implications of all this are clear in an election year. It took real courage for genuine liberals of the type of Holifield, Rep. John Carroll of Colorado and Rep. Jacob Javits of New York to go against the Mundt bill. These men, who have no Communist taint whatsoever, realized that they would have to stand up and be counted alongside the demagogic Vito Marcantonio, who carefully treads the Communist party line.

PUBLICITY BEST WEAPON

There are available weapons against Communism that have been only partly employed or employed crudely and in such a way as to do more harm than good. One is publicity—a two-edged sword that can be effective in trained and skillful hands.

The House un-American activities committee has frequently misused this weapon, sometimes doing great injustice. But if some of the carefully collected and documented information in the FBI files could be released, it might show the public the nature of the conspiracy, and those who might otherwise be attracted to Communism through a sense of injustice or frustration would be warned away.

For example, the FBI has prepared under Hoover's personal supervision a "black book" of American Communism. It gives the names, background, activities, and so on, of the 200 leading Communists and Communist agents in this country.

Only a few persons outside the FBI including the president and a half dozen high Army and Navy officers, have access to the black book. Perhaps it could be the basis for a public expose of the conspiracy. This would have to be done, of course, with the utmost caution.

We in this country, with its great forward move in living standards, in well-being, in individualism, should understand above all other peoples that there can be no absolute security by law. A healthy, progressive society provides increasing rewards and satisfactions for an ever greater number of people. These are not material rewards alone. They include, above all, a sense of participating in and belonging to the society. With effective precautions for security, Communism will not flourish in that kind of free society. The attempt to legislate Communism out of existence may end the freedoms at the root of our way of life.

Webster's New International: "Pantaloons: a tight-fitting man's garment."

George Tucker, in Pageant: "Miss Hoagie freed her hand from mine and checked my blood pressure, then put it back."

Here we have sexual behavior with statistics, a tight-fitting man, and a nurse who puts back one's blood pressure.

But the looniest logic of all is found in a recent government bulletin: "All commodities listed in Appendix A are those known to the trade as such, excepting therefrom such thereof, if any, while subject to another regulation."

Do you hesitate over the use of the words SHALL-WILL or SHOULD-WOULD? Mr. Colby's leaflet, C-4, will explain their proper usage clearly.

Marooned

Good Evening

By Clint Dunathan

TRAGEDY—Oliver Thomson of Neenah, Wis., was in Escanaba on business Monday when he heard of the tragic death of State Senator George Girrback of Sault Ste. Marie in an automobile accident near Flint.

"Is it true?" Thomson asked at the Escanaba Daily Press office. He was told that it was and was given some details of the sudden death of the state senator from the 30th district, which includes Delta county.

Thomson and Girrback were business friends for many years, Thomson said, but he wondered whether there might not be some closer bond than that. Before he had known the late state senator.

"Practically all my life," Thomson replied. "You see we were born in Minneapolis within a block of each other."

EASING THE PAIN—A very young lady from Escanaba who had gone picnicking with her family on Sunday was bitten on the shin by a couple of mosquitoes. She complained of the "itching" but her mother warned her not to scratch the bites.

Still "itching" she went her way, only to return a few minutes later to announce that she had scraped her shin on a branch. It was quite a bad scratch and her mother offered sympathy and first aid.

"Oh, no!" said the girl, "it feels just fine—the scratch is over the mosquito bites and they don't itch a bit anymore!"

WATER DANGERS—Perhaps there is nothing that can be done to prevent accidents. On the highways, in the air and on the water—wherever man travels, lies danger. In one month earlier this year 92 persons were killed and 2,801 were injured in 12,025 Michigan highway accidents.

Now Delta county has had its first drowning tragedy so far this year with the death of a Wisconsin fisherman in Little Bay de Noc off Masonville. What had been planned as a holiday weekend became one of sorrow for the widow and their three children.

Only adequate vigilance, together with adequate safety precautions beforehand, can hope to reduce the volume of accidents. With the summer vacation season ahead, the danger of drowning will be increased with the increase in boating, fishing and swimming.

Operators of boat rentals can do their part in promoting better boating safety. But the first responsibility is upon the individual whether he owns his own boat, or rents one. Every person who goes upon the water should know and observe good water safety practices.

PUN OF THE WEEK—The Rotuletter, Escanaba Rotary Club bulletin written, edited and published by O. V. Thatcher, president-elect of the club, contains the following line: "Walleve guess I'll go fishin'."

MUST BE LIVING—Mrs. P. A. Aronson of 609 South Tenth street telephoned the other day to inform us that Calvin Howard, born in Flat Rock in 1847, was the first white child born in Delta county.

Howard died in Newberry in 1930 at the age of 83.

This information still does not answer our quiz question: Who is the oldest Delta-county-born resident?

A resident, of course, is a living resident. It is our belief that George Wiltse of Pine Ridge is the county's oldest living Delta-county-born resident. He was born at Sack Bay in 1866, is now 82 years old.

WIDE AND HANDSOME—Last weekend we visited out of town, and on our trip went through a couple of cities comparable in size with Escanaba.

Returning home we were impressed anew with Escanaba's wide and handsome streets, its general effect of pleasing and orderly development.

And on Monday at Rotary club meeting we chatted about this for a few minutes with Peter Jensen, one of Escanaba's pioneer business men, and a former representative in the state legislature. Escanaba is one of the most attractive cities in the Upper Peninsula we said.

Mr. Jensen agreed, and recalled that Eli P. Royce, who surveyed the original settlement of Escanaba and was its first village president, was once criticized by the N. Ludington company for "wasting" so much land when he platted the town. But Royce said there was lots of land and there was no reason why streets shouldn't be wide.

Today the people are enjoying the benefits of Royce's foresight. Royce planned for the future. That his plan was made nearly 80 years ago reveals the scope of his vision.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington. — Without benefit of publicity, a significant backstage battle is being waged regarding the question: "To nominate or not to nominate Mr. Truman?"

A host of Democratic leaders would like to duck Harry's nomination, but most of them—at least from the north—are afraid to stick their necks out. They are secretly encouraging others to do the sticking, however, and they are quite delighted to hold anybody else's coat.

But despite this hesitancy, more and more Democrats are quietly lining up—with the hope of blocking nomination on the first ballot. If Truman doesn't make it on the first ballot, they figure he's licked.

Illustrating the current inside strategy is what's happening regarding California. The California delegation is pledged to Truman. Under the law it can't switch until after the first ballot. But there's nothing to prevent the California delegation from "seconding" the nomination of General Eisenhower or of anyone else.

Therefore, the strategy now being discussed is for Alabama, first state to vote at the Philadelphia convention, to nominate Eisenhower and then for California to second him.

BRITAIN'S SILKEN CURTAIN

In Russia it's called the "iron curtain." In England it's sometimes called the "silk-curtain"—at least where British diplomacy is concerned. The implication is that the British are much smoother at diplomatic sleight-of-hand.

For instance: In London the British foreign office candidly admits it has been shipping arms and paying money to King Abdullah of the Trans-Jordan. About sixty British officers are also commanding his troops. The British foreign office also states officially that Britain will stop sending aid as soon as the United Nations takes official action banning such aid.

That sounds fine. But—Simultaneously at the United Nations, British delegate Sir Alexander Cadogan has played the leading part in blocking U. N. action on Palestine.

Thus the British right hand pretends not to know what the left hand does.

This recalls all too vividly the double role played by the British when Henry L. Stimson was trying to stop the Jap war-lords in Manchuria in 1931-32. When the U. S. A. would deliver a note of protest to the Japs, the British ambassador would deliver a similar protest—then drop around to the Japanese foreign office later to explain orally that the British didn't really mean it. Likewise, when the League of Nations was trying to apply sanctions against Mussolini's wanton attack on Ethiopia, it was the British who sanctimoniously preached about aggression but urged the sale of oil to Mussolini. This was the one war commodity he needed most.

NEGLECTED ARMY RESERVES

The avowed purpose of the manpower bills, now before Congress, is to train more reserves for a possible emergency. Yet the Army has been so busy lobbying for peacetime conscription, it has completely neglected the Reserve program supposed to keep this manpower active after training is completed.

In fact, the Reserve Officers association recently was forced to send its own representative before the House appropriations committee to plead for a paltry handout. Meanwhile Secretaries Forrestal and Royal, beating the drums for billions to build up the armed services, blandly admitted that their chief aim was to stockpile manpower which would go into the Reserves.

Col. C. M. Boyer (inactive) pleaded the case for the Reserve officers the other day behind closed doors.

"We feel," he told a House appropriations subcommittee, "that inasmuch as the department of defense has stated that the reserves are needed in the national security picture, then the department of defense should request sufficient funds and not make it necessary for us to appear."

The defense chiefs, however, had recommended only \$80 million for both Army and Air Force Reserves, while Col. Boyer testified they needed at least \$303 million. With such funds and proper support, the National Guard and Reserves could also train new recruits and do it cheaper than the regular services, thus making the draft unnecessary.

CITIZENS ARMY WON PAST WARS

"To us it is ridiculous," Col. Boyer told Congress, "to ask \$2 billion to produce the manpower that is needed to build the Reserve forces, then ask only \$80 million for the Reserve program itself."

"This country was founded and has maintained its existence on the theory that the security of the country must be based on a small regular force and a large citizens' army," he continued. "In every war in which this country has participated, the citizen soldier has predominated. . . . Approximately 90 per cent of the fighting and dying is done by the citizen soldier."

Three years after the shooting war ended, Boyer reported, no "realistic program" has been developed for the reserves. As a result, the Reservists are losing interest and dropping out.

"That is absolutely right," broke in Chairman Albert Engel, Michigan Republican. "I accepted a Reserve commission in 1919, and didn't hear anything from the Army. I can say from my own experience that inactivity causes you to lose interest."

Note—Congressman Errett Schriver, Kansas Republican, who was not feeling well, stretched out on a couch throughout the closed hearing.

"Don't you want to come up to the table?" asked Chairman Engel.

"No," Schriver replied, "I'll take this lying down."

There are more men caught off base at cocktail parties than ball games. But in either case they're likely to get thrown out at home.

A man who keeps taking one more for the road is already off the straight and narrow path.

No man ever ran a country or a saloon with unanimous approval.

If all men thought death sent them to a just reward, many would die with a fire extinguisher in their hands.

CARS FOR 1949 HAVE NEW LOOK

Ford In Production Now;
Others Out By Fall

BY DAVID J. WILKIE
Associated Press Automotive
Editor

Detroit, (AP)—A lot of 1949 model automobiles are in prospect for the latter half of this year. Most of them will follow the general styling initiated by Studebaker, Packard and Kaiser-Frazer.

Ford already is in production with its 1949 Ford line. The new Fords will be shown publicly early in June. Some time in August one or more of the so-called "independents" will close down to switch over to 1949 model output.

Most sources expect general motors to have all its new models on the assembly lines by late October or early in November. Some time before the year's end Chrysler probably will make its first major changes since the war.

Chrysler made a lot of styling and some engineering changes as production went forward, thus avoiding prolonged shutdowns. Among these were the alterations necessary to adapt the new extra low pressure tires to its entire line, including Plymouth.

A lot of persons already have seen the new Ford. Most of them are connected in some way with its production. The Ford Company, however, is trying to keep all details a close secret until formal public presentation.

Recent introduction of the new Lincoln and Mercury models led to guesses in some sources that the new Ford styling would follow that of these two other units of the Ford line. It may be said without disclosing any secrets that the Lincoln and Mercury styling only mildly suggests what has been done to the Ford.

Of the new models to come during the latter half of the year the 1949 Chevrolet undoubtedly is being most talked about. Because Ford has developed an entirely new car it is quite generally assumed Chevrolet, too, will have a completely re-designed model.

Some sources even have suggested that, unlike Ford, Chevrolet will have a new type of self-functioning transmission ready to offer as optional equipment in its 1949 cars. Like all other car

Mrs. Wallace Lindquist, who was operated on at St. Francis hospital May 13, is getting along fine and expects to be home soon. Mrs. August Karasti and daughter, Linnea, returned Wed-

nesday after a two weeks' stay in Flint.

Mrs. Elmer Bonifas of Garden, accompanied by her aunt, Mrs. Stanley Pyke left Thursday morning by motor for Vanderbilt, Mich., to attend the funeral services of Mary Pyke, who was killed in an automobile accident near Flint, on Monday. The deceased was a cousin of Mrs. Bonifas and a niece of Mrs. Pyke. Funeral services were held Friday at the family home in Vanderbilt with burial in Fair View cemetery in Gaylord.

Minnesota imposes 82 different taxes on her citizens.

Garden

Schools Close

Garden, Mich.—All schools on the peninsula closed Friday. Pupils of the rooms in charge of Mrs. Earl Rost and Kenneth Ralph held their annual picnic at Indian Lake Wednesday. Pupils of the kindergarten school and their mothers were taken in a school bus to the Fayette Hill, Thursday and had a pleasant time. Games were played, races run and a delicious lunch served. Miss Winter was back in school after a recent illness and so was able to enjoy it too.

Parties

Mrs. George Farley, Mrs. Walter Whitman, Mrs. Edward Guertin Jr., Mrs. Howard Pelletier and Mrs. George Boudreau Jr., served on the committee which arranged the party at the St. John hall Wednesday evening. Coffee and cookies were served.

Mrs. Victor Galakna of Milwaukee was honored at a shower party in the St. John Hall Tuesday evening, given by Mrs. Fred Mullen and Mrs. Edmund Mercer. Prizes in card games went to Mrs. Charles Winter, Mrs. Joe Farley and Mrs. James Rivers and the guest prize to Mrs. Louis Farley.

Guests included Mrs. Minneal of Canada, Mrs. Rupert Greener, Mrs. John St. Ours, daughter Theresa and Noreen Mercer of Fayette.

The Birthday club celebrated the birthday of Mrs. Fred Olmstead of Van's Harbor at her home Sunday evening. Mrs. Edward Lamotte and Fred Olmstead were winners at cards. A delicious lunch, with a special cake centerpiece in a beautiful setting was enjoyed and a gift presented to Mrs. Olmstead. The next meeting will be at the Roland Boudreau home on May 30.

A supper and party was given at the Stellwagon cottage Thursday evening complimenting Mrs.

Henry Gardner of Manistique, who is taking care of her mother, Mrs. Exilda Gauthier.

Property Changes

E. T. King of Manistique has purchased the Louis Londo farm and the Londs have purchased the house at Kate's Bay recently built by Robert Gould who is leaving with his family to work in Lower Michigan.

Birth

Mr. and Mrs. John Potvin are the parents of a daughter which weighed 9 pounds and 10 ounces at birth, born at the St. Francis hospital Wednesday. This is the first girl in a family of three children.

Deaths

Mrs. Robert Tatrow Jr., and son Gerald returned from the Shaw hospital Thursday to the home of her mother, Mrs. Nora Lester.

Charlene, daughter of Mr. and Mrs. Leroy Winter is out of school with the mumps.

Mr. and Mrs. Edward Joque and Mr. and Mrs. Percy Joque and son are spending a week with the Henry Joques of Sault Ste. Marie.

Miss Grace Boudreau of Indianapolis is visiting her parents, Mr. and Mrs. Octave Boudreau.

Ivan Greene of Oakland, Calif., is spending a month at the homes of his brothers Henry and Rupert and other relatives.

Mr. and Mrs. Joe Garant and John Smith of Flint spent the weekend at the James Rivers home.

Charles Gauthier and Joseph Des Rochers motored to Powers Thursday to attend the funeral of Adam Murray.

Mr. and Mrs. Henry Abel and Mr. and Mrs. Tony Abel and family of Escanaba were Sunday guests at the home of Mr. and Mrs. Paul Guertin.

A blend of the first shoots of chives, young onion, parsley, basil and summer savory is especially good in spring omelets or scrambled eggs.

Need For Defenses In Alaska Stressed By Truman Message

Washington, May 22 (AP)—President Truman's plan to make Alaska a "strong partner" of the 48 states was welcomed in Congress today as a defense move "against whatever aggressive action Russia may take."

While the president mentioned the need for Alaskan "military development" only briefly, that

angle was the one stressed most heavily by members of Congress commenting on his special message yesterday. Several of them added that the development program should have started long ago.

"We must put Alaska in a position where we can defend it against whatever aggressive action Russia may take," said Rep. Crawford (R-Mich.). "The president is on the right track this time, but we are ten years behind right now."

Mr. Truman urged statehood for the 80-year old territory "at the earliest possible moment," but pointed out that other steps also are needed "if Alaskans are to achieve steady and balanced industrial, agricultural and community growth."

He asked Congress for speedy action on the following subjects:

1. Improvement of air, sea and land transportation.
2. Federal aid for housing, health and community facilities, such as schools, hospitals and public utilities.
3. Settlement of land claims by natives which have complicated property ownership.
4. Encouraging new settlers.

Mr. Truman noted with approval that the House Public Lands committee had voted unanimously for an Alaskan statehood measure. That bill, however, has been held up by the rules committee.

There was no mention in the president's message of Alaska's strategic position in relation to Russia. But other members of Congress, besides Crawford, read that between the lines.

RED WOLVES GET SMART
Moscow (AP)—The favorite method of hunting wolves in Russia is to make a ring of red flags around the place where the wolves are thought to be hiding. A small gap is left in the ring and here the hunters wait to open fire when the wolves make for the gap.
For hundreds of years this method of hunting has been successful for the wolves feared to run through the cordon of waving red flags. But now some educated wolves in the Moscow area have learned to run through the flag ring and thus avoid the hunters.
It is essential to kill the wolves, says "Evening Moscow," because they prey on elk of which there are nearly three thousand in the Moscow province forest areas.

Cardiff Giant Hoax Ends Up in Museum

Cooperstown, N. Y., (AP)—The Cardiff Giant, one of history's biggest hoaxes has quietly ended a 79-year odyssey.

The bogus Behemoth, an international sensation when "discovered" in 1869, goes on permanent exhibition here in farmers' museum of the State Historical association.

Marveling thousands, including some scientists, educators and clergymen, first accepted the Goliath as a "petrified human."

The giant, measuring 10 feet, four and one-half inches tall and weighing 2,990 pounds, was unearthed near Cardiff in central New York by unsuspecting well-diggers.

The stupendous stone statue had been "planted" a year earlier by a Binghamton tobacco dealer, George Hull. He said later he had intended to ridicule religious extremists who accepted literally biblical references an ancient "giant in the earth."

Famed showman Phineas T. Barnum offered \$150,000 for the

giant. When his bid was rejected, he made a replica.

During the furore over the discovery, Hull confessed the giant was his brain child—fashioned of gypsum.

Grosvenor Square Infested by Lovers Who Lie On Grass

London, England (AP)—Grosvenor Square, beautified to be a fitting setting for the newly unveiled statue of Franklin D. Roosevelt, has become infested with lovers, according to complaints to the Ministry of Works.

They sit on the grass in great numbers, and even lie on it, to the disgust of some Mayfair neighbors. One of the neighbors is the United States embassy but, according to a spokesman, no complaint has come from there.

"The State Department has taken no notice, but as individuals we have of course noticed a few things," he said.

The Works Ministry has assigned uniformed attendants who chase all the lovers into Hyde Park.

Ask Duck Change

Adjustment of waterfowl hunting seasons to Michigan's peculiar geography and the climatic differences between northern and southern peninsulas is the major change in regulations that the conservation department's game division is preparing to recommend for consideration by the federal Fish and Wildlife service this season, according to word from Lansing.

Opening of the waterfowl season in northern Michigan on October 1, the first day for hunting grouse and rabbits, and in southern Michigan on October 15, the first day for hunting pheasants, rabbits and squirrels, would split opening day gun pressure between fields and marshes, saving birds and improving the sport in both places, game men say.

Such a staggered season also would match the actual waterfowl fall migration schedule better, they believe. Last fall's 30-day season closed just before the peak of the late flights passed over the southern counties, yet to have delayed the entire season two weeks would have made it equally off-schedule for duck hunters in the Upper Peninsula, where freeze-ups come early.

MUCC At Soo

The Eleventh Annual Convention of the Michigan United Conservation clubs will be held at Sault Ste. Marie on June 24 to 27 this year. This is the first time that the state-wide sportsman's organization has held its convention in the Upper Peninsula.

The convention will provide an opportunity for sportsmen of the Upper and Lower Peninsulas to get acquainted and discuss problems of mutual interest, such as they never have before.

Covering a wide variety of questions and subjects all interesting to sportsmen and conservationists the convention agenda should provide lively debate and argument. The program also includes enjoyable entertainment each evening, the highlight being

the annual banquet on Saturday night.

Fishing Contest

Opening of the pike season on the bay has resulted in a marked increase in the number of entries in the Daily Press 1948 Fishing Contest. Outstanding among the walleye entries is that of Leander Smith of Gladstone, whose blank gives the details on a 31 1/2 pound beauty that was 71 inches long and 14 inches in girth. He caught it on a June bug rig in Little Bay de Noc. That is the present leader in the walleye class, pounds ahead of its closest competition—so far.

In the over ten pound group among the northern pike is a 12 pound 12 ounce fish taken from the Ford river on a daredevil by Miles Froberg, 1208 S. Eighth ave., Escanaba. The present northern class leader is an 18 pounder, 43 inches long and 15 1/2 inches in girth caught by Charles Gylock, 1119 Ninth Ave. S., Escanaba, at the head of the bay near Masonville. Gylock trailed a No. 3 hook baited with worms behind a June bug that looked good to the big fellow.

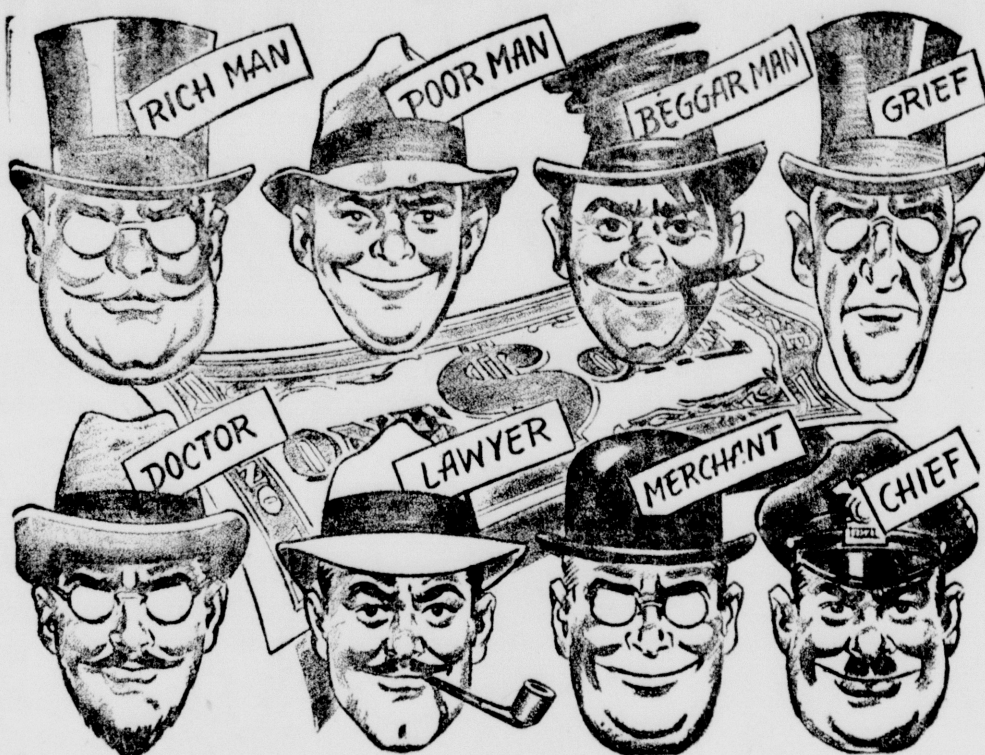

In other classes, John A. Mayville, 206 N. 20th street, Escanaba turned an entry above the average. That was for a rainbow from the Haymeadow that measured 20 1/4 inches in length and 9 1/4 inches in girth and weighed 2 pounds when dressed. His bait was a double spinner and worms. Contest entry blanks may be secured at the Daily Press offices or by mail on request to this column.

Births Drop, But Population Still Gains in Michigan

Lansing, (AP)—Michigan's population continues to mount though fewer babies were born in the first quarter of this year than last.

The State Health Department reported that in the first three months of this year, there were 20,716 more births than deaths. Births totalled 35,214 which was 3,618 less than the same period last year.

Deaths in the first quarter of 1948 totalled 14,498 compared to 14,485 in the first quarter of 1947.

Major Rules Given For Fishing Safely

BY JAMES A. O. CROWE
Lansing, (AP)—With the fishing season nearly in full swing north of highway M-49 and less than a month away on southern lakes, responsible officials are beginning to preach safety again.
Boats and canoes, though almost indispensable to lake fishermen, can be dangerous affairs.
Already three fishermen have

drowned this year in Michigan, although the main fishing activity of the year will not start until the southern lakes open on June 25.

Nearly all officials urge fishermen to equip themselves with some kind of life preserver. With something to keep you afloat, almost anything can happen to your boat and you will be all right.

The recommended life preserver is a life saving vest, a light, wind-breaking garment that ties down the front. But the inexpensive seat cushions that double as life preservers are certainly better than nothing.

If your boat or canoe does go over and you are caught without a preserver, the rule that may save your life is—stick with the boat. Most boats and canoes will float although full of water. By hanging onto it until rescued, you can avoid the dangers of a long swim to shore.

Of course, it is most desirable to keep your craft right side up in the first place. Safety authorities urge fishermen to impose the following rules on themselves to keep dry and alive:

1—When changing position in a boat or canoe, keep low by crawling. Standing up raises the center of gravity and makes tipping much easier.

2—Your anchor may be stuck in the mud, so pull on it gently to avoid a spill if it pulls loose suddenly.

4—If you are not an expert and unfamiliar with the water, you would be better off to skip shooting rapids.

5—Keep your outboard's speed down if your boat has no bow deck to keep out the water.

6—Avoid boats needing major repairs.

7—Limit the load of your boat to the number it was intended to carry.

8—Keep a sharp eye on the weather and head for shore when wind or storms threaten.

9—Go easy on the bottle.

Tourist Advertising Pays Big Dividends For Michigan Group

Traverse City, Mich., (AP)—A national newspaper and magazine advertising campaign, designed to attract tourists to Michigan, is paying big dividends.

So reported the Michigan Tourist Council as it figured the state got \$128 in tourists' money for each \$1 it spent on advertising. The survey covered a big part of 1947 and showed \$51,000 was spent on advertising in that time. The council said that the advertisements led 45,000 persons to write for additional information about the state's tourist and recreational facilities.

About 62 percent of these then came to Michigan for vacations, the council added.

It explained that the parties averaged three persons, stayed an average of 12 days and spent \$235 a party.

The council's appropriation for tourist advertising last year was \$250,000 but the survey covered only the \$51,000 spent up to Sept. 1st.

Prospects for an even greater influx of tourists this season were cited by the council. It said requests from non-Michigan residents for tourist information are running 10 percent ahead of the 1947 figures.

The council estimated there are

10 percent more cottages available for tourists this season than there were last year.

Those attending yesterday's meeting were:

Chairman W. Webb McCall of Mt. Pleasant; C. C. Wells of the Michigan Tourist and Resort Association of Grand Rapids; J. Lee Barratt of Southeastern Mich. Inc.; George Bishop of the Upper Peninsula Development Bureau at Marquette; Frank Davis of Bay City and Robert Furlong, administrative secretary of the council.

Jacqueline Cochran Claims New Record With P-51 Mustang

Palm Springs, Calif., (AP)—Miss Jacqueline Cochran, one of aviation's speed queens, claims she has set a new world's record. Miss Cochran, flying a special war-surplus P-51 Mustang, was clocked at approximately 448 miles an hour for a 1,242.739 mile dash from here to Santa Fe, N. M., and return Saturday.

She covered the closed course of 2,000 kilometers in 2 hours and 46 minutes. The previous record of 440 miles per hour was set May 19, 1946 by Lt. J. J. Hancock of the U. S. Airforce. He flew a jet propelled Shooting Star.

The aviatrix's exact official speed will not be determined until various instruments have been checked. H. Dudley Wright of the National Aeronautic Association supervised the flight.

No 'Uranium Rush' Due in Antarctica

Washington, (SS)—Antarctica is not likely to be the scene of a "uranium rush" or any other kind of international scramble for mineral wealth, at least in the immediate future. Comdr. Gerald L. Ketchum, leader of the Navy's two-ship 1947-48 Antarctic expedition which has just returned after five months "down under," stated in a press conference that "no minerals of any commercial value" had been found at any point on the coast. And the expedition worked its way along the shores of the world's southernmost continent through more than half its perimeter.

More than two tons of mineral specimens were brought back by Dr. Earl T. Apple of Syracuse University, geologist of the expedition, but they are "just rocks." They do have considerable scientific interest, for by analyzing them Dr. Apple hopes to get some idea of the geologic age of the continent. In one area there were quantities of garnets, left by the disintegration of granitic rock; but these again are without commercial value.

In 1860, 500 wagons a day often passed Ft. Kearney on the Overland Trail.

Floyd B. Odum, encountered oxygen trouble on the return leg of her flight and was unable to take advantage of favorable winds at high altitudes, she reported.
